- No Points or Lender Fees
- No Private Mortgage Insurance (PMI) is required for any MOP loan
- For loans up to $1,430,000*, a 10% downpayment is required (90% LTV)
  - For loans over $1,430,000*, a 20% downpayment is required (80% LTV)
  - *Loans in excess of $1,430,000 require additional campus and systemwide approvals
- Maximum qualifying mortgage payment-to-income ratio is 40%
- Maximum qualifying overall debt-to-income ratio is 48%
- No impounds required
- No prepayment penalty, teaser rate, or negative amortization
- Mortgage payments are made through payroll deduction

**Conventional Loans**

- In most cases, applicant will work with a commissioned sales representative
- Most lenders charge Points (1% of loan amount), and other Lender Fees
- Most lenders require PMI for loans with a loan-to-value (LTV) ratio above 80%
- Regardless of the loan amount, a 20% down payment is required by most lenders to avoid paying for PMI or higher rate
- Maximum qualifying housing payment-to-income ratio is typically 33%
- Maximum qualifying overall debt-to-income ratio is generally 43%
- Most lenders require impounds for loans with less than 10% downpayment
- Some ARM loans that appear more attractive may have certain limitations
- Most payments are made by check

Loans are non-assumable

**Program Overview**

The Mortgage Origination Program (MOP) was developed by the University of California to support the recruitment and retention of faculty and Senior Managers by assisting them in the purchase of a principal residence near their work location.

MOP provides first deed of trust loans with a one-year adjustable rate based upon an internal University index. The maximum repayment term is 30 years.

MOP is administered by the University of California Home Loan Program Corporation (UCHLP), located in Oakland, California. Questions regarding the Mortgage Origination Program should be directed to the Campus/Lab Housing Representative or UCHLP.

NOTE: There is no one mortgage type which is uniformly advantageous for all borrowers. Potential applicants may want to explore other mortgage options to compare the respective features of available programs.
How is the MOP Interest Rate Determined?

The University maintains a working capital account (Short Term Investment Pool, or STIP) that is invested in a broad spectrum of investments with a maximum maturity of five years.

To determine the interest rate for MOP loans, the rate of return of STIP is calculated quarterly. The rate of return for the most recently available four quarters is averaged and an administrative fee of .25 is added. The minimum Standard Rate is 3.0%.

This rate is used for new MOP loans as well as MOP loans due for their annual rate adjustment. The maximum annual rate adjustment for each loan is 1% (up or down) from the current rate. There is an interest rate cap of 10% over the starting rate, for loans made after January 1, 2014.

As shown on the chart to the right, loan rates for the MOP program have traditionally fluctuated less than most indices used by private lenders.

Borrower Survey Responses (97.3% very satisfied)

“I felt very fortunate to have received a UC Home Loan. The program allowed us to take advantage of this great opportunity. Without it, we may not have taken this position in California.”

“The loan process was a great experience for us. The staff made it clear, easy to understand and very quick. Thank you!”

“[Campus Representative] and [OLP Representative] were both very responsive and helpful throughout the process. Our sellers had multiple bids for the house, and one of the main reasons they chose us over the others was because our realtor convinced them how reliable and fast the UC MOP loan is. Thank you!”

“Great program. Made the difference between me being a homeowner and renting. I see it as a great perk of UC and it probably promotes good retention.”

Since 2008, the MOP Note Rate has been under 5%
