50th Reunion

‘The Muck’   Saturday October 11, 2014
Wow! What a weekend! It's hard to believe it's been five years since our last reunion. It seems like only a year or two has passed, right? Our 50th year class reunion was a huge success, at least as far as fun, camaraderie, memories and magic go. The Disneyland fireworks added a special touch to a very special Saturday evening! We had over 160 Classmates and guests to the main shindig at The Muck Center and over 60 to the pre reunion pizza party at Angelo's and Vinci's, as well as a tour of the renovations of The Fox Fullerton Theater.

All of us on the committee want to thank everyone who came to the reunion this year. We really appreciate all your efforts to help make this reunion a special one. So many of you we haven't seen since our 20th year reunion. Everyone looks just great and it was so very special to see us all having such a good time together. Our friendships with one another are more valuable and precious with each passing year.

Will we see a 55th or 60th? Who knows? We sure hope so, but we would be hard pressed to replicate our 50th! Thanks to all of you for your support, friendship and camaraderie these past 50 years and here's to at least another 20 or so! Please stay in touch and update your info via www.reuniondb.com so that when the next reunion rolls around we will be ready to go!

Please enjoy this Memory Book
Until we meet again, with warm regards,
Your reunion committee
