This Quick Reference Guide is not intended to replace your vehicle Owner’s Manual which contains more detailed information concerning the features of your vehicle, as well as important safety warnings designed to help reduce the risk of injury to you and your passengers. Please read your entire Owner’s Manual carefully as you begin learning about your new vehicle and refer to the appropriate chapters when questions arise. All information contained in this Quick Reference Guide was accurate at the time of duplication. We reserve the right to change features, operation and/or functionality of any vehicle specification at any time. Your Ford dealer is the best source for the most current information. For detailed operating and safety information, please consult your Owner’s Manual.

Warning: Driving while distracted can result in loss of vehicle control, crash and injury. We strongly recommend that you use extreme caution when using any device that may take your focus off the road. Your primary responsibility is the safe operation of your vehicle. We recommend against the use of any handheld device while driving and encourage the use of voice-operated systems when possible. Make sure you are aware of all applicable local laws that may affect the use of electronic devices while driving.

SYNC is a voice-activated technology personalized by you. It is a hands-free, voice recognition system used for entertainment, information and communication.

### Commonly Used SYNC® Voice Commands

#### Basic Commands
- What can I say?
- List of commands
- Main menu
- Previous
- Next
- Go back
- Exit
- Help
- Vehicle health
- Pair my phone

#### Phone
- Phone list of commands
- Dial
- Call <name> on cell/at home/at work
- Call voicemail
- Do not disturb <On/Off>
- Listen to text messages (phone-dependent feature)

#### Climate
- Climate control list of commands
- Climate <On/Off>
- Climate my temperature
- Climate temperature <60–85> degrees

#### Entertainment
- Audio list of commands
- You can also get detailed lists of commands for radio, USB, Bluetooth® audio, Sirius and SD Card
- Radio:
  - FM 887–1079
  - FM preset <#>
- CD:
  - Play track <1–512>
  - Shuffle <On/Off>
- Satellite radio:
  - Play song <name>
  - Play album <name>
  - SiriusXM:
    - <channel name>
    - Preset <#>
- USB:
  - Play song <name>
  - Play album <name>
  - Fuel prices
  - Sports <headlines/scores/schedule>

#### Navigation
- Navigation list of commands (if equipped):
  - Destination street address <number, name, city>
  - Destination home
  - Navigation voice <On/Off>
  - Navigation volume <increase/decrease>
  - Repeat instruction
  - Show <map/north-up/heading-up/3D>
  - Travel Link list of commands:
    - Traffic
    - Weather
    - Movie listings
    - Fuel prices
    - Sports <headlines/scores/schedule>

#### SYNC® Services
- If equipped, must say “Services” first, and then:
  - What can I say?
  - Traffic
  - Directions
  - Business search
  - Operator (for direction or business search)
  - Favorites
  - News, sports, weather horoscopes, stock quotes, movies or travel
  - Help

**Commonly Used SYNC® Voice Commands**

Some services may not be available in your area. Refer to your Owner’s Manual, visit the website or call the toll-free number for more information. For U.S. customers:
- Visit SyncMyRide.com or call 1-800-392-3673 (select Option 1 or 2 for language, then Option 3).

For Canadian customers:
- Visit SyncMyRide.ca or call 1-800-565-3673 (select Option 1 or 2 for language, then Option 3).

**Available only with MyFord Touch**
1. POWER TILT/TELESCOPIC STEERING COLUMN
Your power-tilt steering column has a four-way rocker control which allows you to adjust the steering wheel to your desired position.

2. CRUISE CONTROL
To set a cruise control speed:
1. Press the ON control up and release.
2. Accelerate to the desired speed.
3. Press the SET control up and release, then take your foot off the accelerator.

After your speed has been set, you can press SET +/- to adjust cruise speed. To disable, press the OFF control down.

3. INFORMATION DISPLAY CONTROL
Provides information about various systems on your vehicle. Use the left-hand, 5-way controls located on the steering wheel to choose and confirm settings and messages. Refer to the Information Displays chapter in your Owner’s Manual for more information.

4. SERVICE ENGINE SOON LIGHT
Illuminates briefly when the ignition is turned on. If it remains on or is blinking, after the engine is started, the On-Board Diagnostics (OBD-II) system has detected a malfunction. Drive in a moderate fashion and contact your authorized dealer as soon as possible.

5. CLUSTER DISPLAY CONTROL
Displays information about Entertainment, Phone and Navigation. Use the right-hand, 5-way controls located on your steering wheel to scroll through, highlight and make minor adjustments within a selected menu. Refer to the MyFord Touch® chapter in your Owner’s Manual for more information.

6. STEERING WHEEL-MOUNTED AUDIO CONTROL
Press VOL +/- to increase/decrease volume levels. Press SEEK +/- to access the next/preset satellite radio channel.

7. PUSH BUTTON START
Allows you to start your vehicle by pressing the ENGINE START/STOP button while fully pressing down on the brake pedal. Press the button again to turn the engine off. If your vehicle has been idling for an extended period of time, it will automatically shut down. Before the engine shuts down, a message appears in the information display, allowing the driver to override the shutdown feature.

8. HAZARD CONTROL
(if equipped)
SYNC is a hands-free, voice recognition system used for entertainment, information and communication. SYNC. Say the Word.

GETTING STARTED WITH YOUR SYNC SYSTEM
Before You Get Started
1. Set up your owner account at SyncMyRide.com (U.S.) or SyncMyRide.ca (Canada). Register by following the on-screen instructions. After registering, you can see what services you may be eligible for.
2. SYNC uses a wireless connection called Bluetooth® to communicate with your phone. Turn Bluetooth mode on in your phone's menu options. This lets your phone find SYNC. If you need more details on setting up your phone with SYNC, visit SyncMyRide.com (U.S.) or SyncMyRide.ca (Canada), or your phone manufacturer's website.

Pairing Your Phone with SYNC
In order to use many of the features of SYNC, such as making a phone call, you must first connect or pair your phone with SYNC.

To Pair Your Phone for the First Time
1. Make sure that your vehicle is in P (Park) and your ignition and radio are turned on.
2. Press the phone button. When the display indicates No Phone Found, press OK.
3. When Add Bluetooth Device? appears in the display, press OK.
4. When Find SYNC appears in the display, press OK. When prompted on your phone's display, enter the PIN provided by SYNC into your phone.
5. The display will indicate when the pairing is successful.

Tips
- Make sure you accept SYNC's request to access your phone.
- To pair subsequent phones, please refer to Pairing Subsequent Phones in the SYNC chapter of your Owner's Manual.
- If you are experiencing pairing problems, try performing a clean pairing by deleting your services from SYNC and deleting the SYNC connection from your phone, and then repeat the process.

NOTE: The system may prompt you to —
- Set your phone as the primary/favorite (the primary phone will receive messages and voicemails).
- Download your phone book (this is required to use the full set of voice commands).
- Turn on 911 Assist.

NOTE: If you have SYNC with MyFord Touch®, see the pairing instructions on page 8.

USING MY PHONE WITH SYNC
NOTE: You must download your phone book to make phone calls with voice commands by name.

Making a Phone Call
Use SYNC to make a phone call to anyone in your phone book by pressing the voice button and when prompted, say any of the following voice commands:

Call <name> at work
Call <name> on cell
Call <name> at home

For example, you could say “Call Jake Smith at home”. SYNC repeats the command back to you and dials the number.

NOTE: You can also make phone calls by pressing the voice button when prompted, say the voice command “Dial”, then verbally say the phone number.

Answering Incoming Calls
Whenever you have an incoming call, you will be able to see the name and number of the person calling in your display. Press the phone button to answer an incoming call. You can hang up at any time by pressing and holding the phone button.

Do Not Disturb Mode
This feature blocks incoming calls and text messages and saves them for later. You still have access to outgoing calls when this feature is active. Say the voice command, “Do not disturb on” to enable and “Do not disturb off” to disable.

USING SYNC TO ACCESS DIGITAL MEDIA
SYNC has a media hub with multiple inputs allowing you to access personal media from your digital devices. Plug in your USB media devices such as phones and MP3 players and use SYNC to play all of your favorite music.

Using Voice Commands to Play Music
1. Plug your media player into your USB port.
2. Press the voice button. When prompted say “USB”, then follow-up saying one of the following voice commands:

“Play all”
“Play next song”
“Play song <name>”
“Play album <name>”

3. You will hear the command repeated back to you and the selected item will play.

USING SYNC TO ACCESS DIGITAL MEDIA
SYNC has a media hub with multiple inputs allowing you to access personal media from your digital devices. Plug in your USB media devices such as phones and MP3 players and use SYNC to play all of your favorite music.

Using Voice Commands to Play Music
1. Plug your media player into your USB port.

“Play next song”
“Play song <name>”
“Play album <name>”

3. You will hear the command repeated back to you and the selected item will play.
Before You Get Started
• Pair your phone to SYNC before using MyFord Touch.
• If you have the navigation SD card, make sure that it is inserted into the media port on your navigation will not work.

Pairing Your Phone with MyFord Touch
Make sure that your vehicle is in P (Park) and both your ignition and radio are turned on.
1. Touch Add Phone in the upper left corner of the touchscreen.
2. Make sure that your cellular phone’s Bluetooth is set to On.
3. Select SYNC on your cellular phone and a six-digit PIN appears on your device.
4. You may be prompted to enter a PIN on your device. To pair, enter the PIN displayed on the touchscreen.
5. Confirm that the PIN provided by SYNC matches the PIN displayed on your cellular phone.
6. The display will indicate when the pairing is successful.

Voice-control your phone for hands-free calling with your phone securely tucked away. With SYNC, you won’t even need to know the phone number. Just say the name of the person you want from your contacts.
Your phone connects you with many other features and SYNC services:
• Connect to SYNC Services for traffic, directions, business searches and information favorites.
• Connect to Operator Assist to help locate a listing or destination.
• Call for a Vehicle Health Report.
• Automatically connects with a 911 operator in the event of an accident (feature must be turned on prior to the event).
• Transfer calls seamlessly from SYNC to your phone as you get in or out of the vehicle.

Tips
• Save your favorite locations by touching “Save to Favorites”. Change your map views from Direction Headed, North Up or 3D.
• Transfer calls seamlessly from SYNC to your phone as you get in or out of the vehicle.

Set a Destination
Set a destination on your touchscreen by using a street address, a city center, a place on the map at a point of interest (POI). The easiest way, however, is by voice.

1. Press the voice button "V". When prompted, say “Destination street address”.
2. The system will ask you to say the full address and will display an example on-screen.
3. You can then speak the address naturally, such as: “One two three Main Street, Anytown”.
4. You can also use the touchscreen to enter a destination and narrow your choices by city or street as you type.

You can choose from up to three different types of routes:
• Fastest: Uses the fastest moving roads possible.
• Shortest: Uses the shortest distance possible.
• Eco (EcoRoute): Uses the most fuel-efficient route.

Other features:
• Change your map views from Direction Headed, North Up or 3D.
• Refer to the SYNC chapter of your Owner’s Manual for complete details.

SYNC® WITH MYFORD TOUCH™
Use the four-corner, four-color touchscreen to explore and interact with your vehicle. The touchscreen works the same way traditional controls, knobs and buttons do. Press the various corners on your touchscreen to personalize the many features and settings of your vehicle all in one place, and press the home icon at any time to return to your home screen. The system provides easy interaction with your cellular phone, multimedia entertainment, climate controls and navigation system.*

A Revolutionary Way To Connect with Your Vehicle.

Get Started with your navigation system by pressing the upper-right green corner. The available, voice-activated navigation system includes:
• SiriusXM Traffic™
• SiriusXM Travel Link™
• GPS (Global Positioning System) technology
• 3-D mapping
• Turn-by-turn navigation

Refer to the MyFord Touch chapter of your Owner’s Manual for complete details.

Get in Touch Using Your Four-Corner Touchscreen
Phone, Navigation®, Climate and Entertainment are the four main features of SYNC with MyFord Touch. Each feature has its own corner represented by its own color.

Phone
Press this corner to access the phone functions.

Navigation
Press this corner to access navigation voice or directions of mapping.

Climate
Press this corner to access all available climate functions, including two-zone control to heat or cool front seats and heated steering wheel (if equipped).

Information
Press this corner to access SYNC Services, SiriusXM Travel Link and status of connected devices.

Entertainment
Press this corner to access all available entertainment functions.

Home
Press this to return to the home screen.

Settings
Press this to access possible system settings.

Get In Touch Using Your Four-Corner Touchscreen
Phone, Navigation®, Climate and Entertainment are the four main features of SYNC with MyFord Touch. Each feature has its own corner represented by its own color.

Before You Get Started
• Pair your phone to SYNC before using MyFord Touch.
• If you have the navigation SD card, make sure that it is inserted into the media port on your navigation will not work.

4. You may be prompted to enter a PIN on your device. To pair, enter the PIN displayed on the touchscreen.
5. Confirm that the PIN provided by SYNC matches the PIN displayed on your cellular phone.
6. The display will indicate when the pairing is successful.
Convenience

EASY FUEL® SYSTEM

With this system, push the fuel door to open, insert the nozzle and begin fueling. It is self-sealing and therefore protected against dust, dirt, water, snow and ice. Wait 10 seconds from the time the refueling nozzle is shut-off until you remove the nozzle from the vehicle to allow residual fuel in the nozzle to drain into the tank.

NOTE: When using a portable fuel container, slowly insert the fuel funnel (located in the spare tire compartment), and pour the fuel into the funnel. Do not bring in your own Music Streaming® (if equipped) into the tank.

Press 1 second to open the liftgate. Press and turn the ignition on as you normally would before driving. To turn the engine off from outside the vehicle after using your remote start, press 1 once.

MYKEY®

MyKey allows you to program certain driving restrictions in order to promote good driving habits. You can program things like speed restrictions, limited volume on the stereo and safety belt reminders. For complete information, refer to the MyKey chapter in your Owner’s Manual.

INTELLIGENT KEYHEAD TRANSMITTER REMOTE ENTRY ICONS®

Press 1 once to lock all doors. Press again within three seconds to confirm all doors are locked.

Press 1 once to unlock the driver’s door, press again within three seconds to unlock all doors.

Press 1 twice within three seconds to open the liftgate.

Car finder. Press 1 twice within three seconds to locate your vehicle. The horn will chirp and the lamps will flash.

Climate

SYNC with MyFord Touch controls the temperature, airflow direction, fan speed, and activates other climate features like heated/cooled front seats* and rear climate control* for you and your passengers.

To use voice commands to operate climate, say a voice command like “Climate temperature 72 degrees” and MyFord Touch will make that adjustment.

Set your MyTemp

• Touch the lower-right blue corner on the touchscreen.
• Touch the lower-left red corner on the touchscreen.
• Touch the Presets and then touch and hold one of the memory preset buttons to save it. You’ll hear a brief mute and the sound will return once the station is saved.

Booster Your Own Music

Gain access to any audio source by voice and control each operates, like changing radio stations, CD tracks, or music on one of the following devices:

• CD
• USB
• Bluetooth® Streaming
• Audio link

Refer to the MyFord Touch chapter in your Owner’s Manual, visit the website for more information. See your Owner’s Manual for details.

Entertainment

No matter how you store your music, in SYNC if it is available when you’re behind the wheel, just press the lower-left red corner of the touchscreen. From there, you can easily and fast access from AM/FM, Sirius and other media sources.

Set your MyTemp

• Touch the lower-right blue corner on the touchscreen.
• Touch the lower-left red corner on the touchscreen.
• Touch Enter.

• Set your exact desired temperature using the (+) or (-) buttons. The horn will chirp and the lamps will flash if necessary. See your Owner’s Manual.

Set your Radio Presets

• Touch the lower-left corner on the touchscreen.
• Touch FM.
• Touch Direct Tune.
• Touch the lower-left red corner on the touchscreen.

Press 1 once to start the engine from outside your vehicle using your key. To start, press and then press 1 twice within three seconds. Your vehicle will run for 5, 10, or 15 minutes, depending on the setting. See the Information Displays chapter in your Owner’s Manual to select the duration of the remote start system.

NOTE: To stop the engine, apply the brake while pressing the ENGINE START/STOP button. Shift into D (Drive) and go. If you have an integrated keyhead transmitter, simply insert the key into the ignition and turn the ignition on as you normally

 Intelligent Access Key™

Your intelligent access key must be within 3 feet (1 meter) of the vehicle for intelligent access to function properly.

Remote start allows you to start the engine from outside your vehicle using your key. To start, press 1 and then press 1 twice within three seconds. Your vehicle will run for 5, 10, or 15 minutes, depending on the setting. See the Information Displays chapter in your Owner’s Manual to select the duration of the remote start system.

Car finder. Press 1 twice within three seconds to locate your vehicle. The horn will chirp and the lamps will flash.

* (if equipped)
**Hill Descent Control**

Hill descent mode allows the driver to set and maintain vehicle speed, while descending steep grades on various surface conditions. To enable, press the control located in the center of the Terrain management dial. The icon will light up and a chime will sound when it is active. Use your pedals to increase or decrease your speed as you normally would, until your desired speed is reached. Remove your feet from the pedals and your speed will be maintained. Press the control again to deactivate the system.

**Terrain Management System**

This system optimizes driveability and comfort as well as maximizing traction. Turn the control dial on the center console to select from the following modes:

- **Grass/Gravel/Snow**: Use this mode where a firm surface is covered with loose or slippery material.
- **Sand**: Use this mode on soft dry sand or deep gravel terrain.
- **Mud/Ruts**: Use this mode on muddy, rutted, soft or uneven terrain.
- **Normal**: Use this mode for on-road conditions.

**Location of Spare Tire and Tools**

Your spare tire and tools are located beneath the third row seats under the floor panel (you will need to unstow the seats to access). The spare tire is designed for emergency use only and should be replaced as soon as possible. For complete details on changing your tire, refer to the Changing a Road Wheel section in the Wheels and Tires chapter of your Owner’s Manual.

**Roadside Assistance**

Your new Ford vehicle comes with the assurance and support of 24-hour emergency roadside assistance. To receive roadside assistance in the United States, call 1 (800) 241-3673. In Canada, call 1 (800) 665-2006.

**Fuel Capacity/Fuel Info**

Your vehicle has a 18.6 gallon (70.4L) fuel tank capacity. If your vehicle has a yellow ring around the fuel inlet, you have a flex fuel vehicle and should use only unleaded fuel, fuel ethanol (E85), or any mixture of the two fuels. For optimal performance, there are specific requirements for flex fuel vehicles. Refer to the Fuel and Refueling chapter of your Owner’s Manual.

**Towing Your Vehicle**

Towing your vehicle behind an RV or any other vehicle may be limited. Refer to Towing the Vehicle on Four Wheels section in the Towing chapter of your Owner’s Manual.

**Non-fuel vehicles use only “Regular” unleaded gasoline with an octane rating of 87 or higher. Do not use E85 fuels because your vehicle was not designed to run on fuels with more than 15% ethanol.**

**Power Liftgate**

Your liftgate has an automatic open and closing feature. To open remotely, press twice on your keyhead within three seconds. Press twice again to close or reverse the movement. You can also operate the liftgate by pressing the control located on the instrument panel.

**Trailer Tow**

Before you tow, refer to your Owner’s Manual for complete information on weight, details and limitations, as well as safety information and the proper equipment to use while towing.

**Trailer Sway Control**

This feature helps reduce trailer sway once it begins by applying your vehicle brakes at individual wheels and, if necessary, reducing engine power. For more complete information, see the Towing chapter of your Owner’s Manual.

**Towing Your Vehicle**

Towing your vehicle behind an RV or any other vehicle may be limited. Refer to Towing the Vehicle on Four Wheels section in the Towing chapter of your Owner’s Manual.

**Note**: Do not tow with the mini spare tire installed.

**Note**: This system only operates between the speeds of 3 mph (5 km/h) and 20 mph (32 km/h).
REAR VIEW CAMERA*
This system provides a video image of the area behind the vehicle. The display automatically appears in the touchscreen when the vehicle is in R (Reverse) and uses green, yellow and red guides to alert you of your proximity to objects. For non-touchscreen vehicles, the image will appear in the 4.2-inch display.

REVERSE SENSING SYSTEM*
This system sounds a warning tone if there is an obstacle near the vehicle’s rear bumper when the vehicle is in R (Reverse) and is traveling less than 3 mph (5 km/h). The warning tone will increase in frequency as the object gets closer.

NOTE: Visibility aids do not replace the need to watch where the vehicle is moving. Refer to your Owner’s Manual for safety information, more details and limitations.

BLIND SPOT INFORMATION SYSTEM (BLIS™) WITH CROSS TRAFFIC ALERT (CTA)*
BLIS uses sensors to help you determine if a vehicle may be in your blind spot zone. The CTA feature alerts you if a car is coming toward you while you back out of a parking space. BLIS and CTA display a yellow indicator light in your exterior mirrors and the CTA also sounds an audible alarm and displays messages to warn you which direction vehicles are approaching. Refer to the Driving Aids chapter in your Owner’s Manual for more information.

ACTIVE PARK ASSIST*
The system detects an available parallel parking space and automatically steers the vehicle into the space hands-free, while you control the accelerator, gearshift and brakes. The system visually and/or audibly instructs the driver to park the vehicle. To use, press the AUTO (P) button; the touchscreen displays a message and a corresponding graphic to indicate the system is searching for a parking space. Use the turn signal to indicate which side of the vehicle you want the system to search on.

NOTE: Driving aids do not replace the need to watch where the vehicle is moving and brake when necessary. Refer to your Owner’s Manual for safety information, more detail and limitations.

SECURICODE™ KEYLESS ENTRY SYSTEM*
Allows you to lock or unlock the doors using the touchpad. You will need your five-digit factory code located on your owner’s wallet card in the glove box. Refer to the Locks chapter in your Owner’s Manual for more information on how to use SecuriCode.

DRIVER ALERT*
This system monitors your driving behavior and determines when the driver’s alertness is reduced or insufficient. When driving ability is determined to be at risk, a tone will sound and a message will appear in the information screen. If no correction is made, warnings will continue to alert the driver. Press OK on the steering wheel to clear the warning.

FUNCTION

* (if equipped)

* (if equipped)
FUNCTION CONTINUED

SELECTSHIFT AUTOMATIC™ TRANSMISSION*

This system is designed to notify you to stay in your lane through the steering system and the instrument cluster in instances when the front view camera detects an unintentional drifting out of your lane is likely to happen. Select system settings as desired by choosing one of three notification Modes from your information display:

Alert: Provides a steering wheel vibration.

Alert + Aid: Provides an assistance steering torque input toward the lane center.

Note: Driving aids do not replace the need to watch where the vehicle is moving and brake where necessary. Make sure you read your Owner’s Manual for safety information, details and limitations before using these systems.

LANE KEEPING SYSTEM*

COLLISION WARNING SYSTEM*

This system is designed to alert the driver of certain collision risks. Sensors detect if vehicles ahead of you, which are moving in the same direction, may be a collision risk. The system will alert you with an audible chime and red warning light which will appear above the dash. If the risk of collision increases, the system will increase brake support to help reduce collision speed.

SOS POST-CRASH ALERT SYSTEM*

Provides audible and visual alarms when a crash causes the deployment of airbags or the activation of the safety belt pretensioners. The turn signals will flash and the horn will sound. To deactivate, press the hazard flasher button. Belt pretensioners. The turn signals of airbags or the activation of the safety belt pretensioners. The turn signals will flash and the horn will sound. To deactivate, press the hazard flasher button. Belt pretensioners.

RAIN-SENSING WIPERS* (if equipped)

If activated, your wipers will automatically turn on when moisture is present on the windshield. The wiper speed will vary based on the amount of moisture detected and on the sensitivity setting. To deactivate, turn your wiper controls off.

DUAL-PANEL MOONROOF AND POWER SUNSCREEN* (if equipped)

110-VOLT aC PoWeR PoINt

The power point is located on the rear of the center console and can be used to power your smaller electrical devices that do not exceed 150 watts. This feature is available to use when your ignition is turned on and the battery voltage is above 11 volts. When the indicator light is on, the power point is working and ready to use.

POWER-ADJUSTABLE PEDALS* (if equipped)

AMBIENT LIGHTING* (if equipped)

When activated, ambient lighting illuminates your vehicle’s footwells and cupholders with a choice of colors. To access and make adjustments:

1. Press the Settings icon, then select Vehicle and Ambient Lighting.
2. Touch the desired color.
3. Use the scroll bar to increase or decrease the intensity.

To turn the feature on or off, press the power button.

Your vehicle has been designed to improve fuel economy by reducing fuel usage while coasting or decelerating. This improves fuel economy by reducing fuel usage while coasting or decelerating. Your vehicle has been designed to provide an assistance aid:

- Lane Keeping System
- Collision Warning System
- SOS Post-Crash Alert System
- Rain-Sensing Wipers

Your moonroof is equipped with a one-touch, express-opening and -closing feature. To open, press and release the SLIDE control. The sunscreen will open automatically and the moonroof will open to the front position. To fully open the moonroof, press and release the SLIDE control again. To close, press and release the SLIDE control. If the vehicle continues drifting out of the lane, a steering wheel vibration is also provided.

Alert: Provides a steering wheel vibration.

Alert + Aid: Provides an assistance steering torque input toward the lane center.

Turn the feature on and off by pressing the button on your headlamp/turn indicator stalk.

Your vehicle's instrument cluster and headlamp/turn indicator stalk.

Press the + button to upshift, press the - button to downshift.

Provides an assistance aid:

- Lane Keeping System
- Collision Warning System
- SOS Post-Crash Alert System
- Rain-Sensing Wipers

Your moonroof is equipped with a one-touch, express-opening and -closing feature. To open, press and release the SLIDE control. The sunscreen will open automatically and the moonroof will open to the front position. To fully open the moonroof, press and release the SLIDE control again. To close, press and release the SLIDE control.

Note: Make sure that this feature is turned off before entering a car wash.

CoMF ort  C ontin Ued
heated and CooLed
Front SeatS

To access heated seats and cooled seats on touchscreen-equipped vehicles, press the Climate corner on your touchscreen. Press the heated or cooled seat icon repeatedly to cycle through the various heat or cool modes and off. For non-touchscreen vehicles, use the hard button controls (indicated by the same symbols). Press the controls repeatedly to cycle through the various heat or cool modes and off. Indicator lights on the control will show what settings you have selected.

MEMORY FUNCTION*
Allows one-touch recall of memory positions for the driver seat, power mirrors, steering column and power-adjustable foot pedals. Use the memory controls located on the driver’s door to program and then recall memory positions. To program position 1, press and hold the 1 button until you hear a chime. Use this same procedure to set positions 2 and 3 using the respective buttons. You can now use these controls to recall the set memory positions.

TILTING HEAD RESTRAINTS
Your vehicle’s front-row head restraints can be adjusted. Pull up to raise the head restraint. To lower, press the head restraint down while pressing and holding the guide sleeve adjust/release button. Tilt the head restraint for additional comfort by gently pulling the top of the head restraint forward. Once it is in the forward-most position, tilting it forward once more will release it to the upright position.

NOTE: Do not attempt to force the head restraint backward after it is tilted. Instead, continue tilting it forward until the restraint releases to the upright position.

SECOND-ROW HEATED SEATS*
To operate, press the button located on the rear of the floor console to cycle through the various heat settings and off. Warmer settings are indicated by more indicator lights.

NOTE: The heated seats operate only when the ignition is on. If activated, they will turn off automatically when the engine is turned off.

POWERFOLD® THIRD-ROW SEAT*
NOTE: The PowerFold seats work only when the vehicle is in P (Park) and the liftgate is open.

The third-row seat features a power one-touch operation that allows you to fold and stow the seats. The buttons are located behind the third-row seats on the left-side quarter trim panel. To use, press the RH/BOTh/LH button to select the right-side seat, the left-side seat or both seats you want to move. Then, select the desired seat position:

- Press the STOW button to stow the seat into the tub floor.
- Press the FOLD button (the top portion of the button) to fold down the seatback.
- Press the NORMAL button to return the seat to the normal seating position.

To access heated seats and cooled seats on touchscreen-equipped vehicles, press the Climate corner on your touchscreen. Press the heated or cooled seat icon repeatedly to cycle through the various heat or cool modes and off. For non-touchscreen vehicles, use the hard button controls (indicated by the same symbols). Press the controls repeatedly to cycle through the various heat or cool modes and off. Indicator lights on the control will show what settings you have selected.

MEMory FUnCtion*
Allows one-touch recall of memory positions for the driver seat, power mirrors, steering column and power-adjustable foot pedals. Use the memory controls located on the driver’s door to program and then recall memory positions. To program position 1, press and hold the 1 button until you hear a chime. Use this same procedure to set positions 2 and 3 using the respective buttons. You can now use these controls to recall the set memory positions.
