Justice Reinvestment (JRI) Project

(I) Newburg
The Newburg JRI Pilot Project embodies a two-pronged approach which focuses on meeting the individual needs of the returning offender along with addressing needs identified by residents to promote community revitalization.

Process Goals
- Provide comprehensive assessment and case management services to individuals returning to the community from prison/jail.
- Improve access to a network of support services (mental health, medical, substance abuse, employment and housing services) for individuals released from prison and jail.
- Enhance reentry planning services within Louisville Metro Corrections for inmates returning to local neighborhoods.
- Create temporary and permanent housing opportunities for released prisoners.
- Reduce barriers to employment and housing for ex-felons.
- Engage community service opportunities and to provide necessary support and supervision where necessary.

Reinvestment Neighborhood Group (RING)
Ex-offenders, family, friends and community members attend meeting to share their experiences, work on issues and help the community.
RING Provides a Forum to:
- Encourage recovery from setbacks experienced by participants.
- Foster mutual sense of ownership, advocacy and shared vision among the community and JRI Participants.
- Improve the quality of life within the community.
- Encourage the community’s youth to avoid a criminal lifestyle.
- Share current employment opportunities and counseling.

Participant Criteria
- Must be a Newburg resident returning to the community from either prison or jail.
- Persons released from Kentucky Department of Corrections (prison) or Louisville Metro Corrections (jail) returning to the Newburg Community.
- Must meet eligibility criteria established by Project Team.
- Sex offenders and persons convicted of any crimes against children will be excluded.

(II) Shawnee
Justice Reinvestment is a data driven strategy to increase public safety and reduce crime by engaging local agencies and neighborhood residents in facilitating the successful reintegration of individuals returning to their home communities following release from jail or prison. The Shawnee JRI program is currently in its first year, using as a model the Newburg Justice Reinvestment.

*Contact information provided includes phone numbers and fax numbers for each individual or agency associated with the Batterers Intervention Program.**
The Sex Offender Treatment Program is housed in the Southwest Office Of Probation and Parole. Clients are referred into this program by 1) court order; 2) Parole Board Order; 3) request for evaluation is made by a Probation and Parole Officer. The Officer needs to complete a Sex Offender Treatment Program Community Services Referral Form (see next page) and submit it along with a copy of the PSI and any pertinent information.

The Sex Offender Treatment Program, community component, is a three-phased program designed to assist sexual offenders in acquiring skills to prevent relapse. The length of time necessary to complete treatment is solely determined by the efforts of the client in completing Therapy Tasks. Two to four years is a realistic range.

For further information contact Bruce Campbell (ext. 234), Teresa Bland (ext. 233) at (502) 933-1719.

The Jefferson County Substance Abuse Program began in 1994. Its mission is to provide assessment, referral and case management services to clients being seen by Probation and Parole Officers in Jefferson County. Social Service Clinicians are located in each office to provide services. Clients need to be referred if 1) they are court ordered for a substance abuse evaluation and/or treatment; 2) they are Parole Board Ordered for services, and 3) they admit use or have a positive drug test. Clients being seen after being paroled who are graduates of an institutional SAP program need to be seen immediately by a Social Service Clinician. A **Referral for Alcohol/Drug Treatment/Assessment** form (see copy) needs to be completed and given to the Social Service Clinician when a referral is made.

For further information, contact the Social Service Clinician(s) in your office or contact Paulette Wachtel, Program Administrator, and West Region at 933-1719 x232.

Louisville Area Meeting Schedule

January 1st – March 31st, 2011

REVISED
January 6, 2011

"My Gratitude speaks, when I care and when I share the NA Way."

Our policy as per listing meetings is that the meeting should be in place and be meeting regularly 30 days before being listed on the periodic schedule or the website schedule page. We ask that the group have a representative step in contact with the FA administrator either by sending an email or by calling the helpline. This is done to ensure an addict ever chooses up at a nominated/determined meeting.

In order to be listed on the meeting schedules, the Louisville Area Public Relations Subcommittee asks that all NA groups follow the Twelve Traditions of NA as well as the "Six Principles Describing an NA Group" listed on page 25 of A Guide to Local Services in Narcotics Anonymous.

Thank you for understanding.

Jennifer Partin, Program Director (Women’s program) (502) 749-9194
Tom Mugavin, Community Director (Men’s program) (502) 588-9096

Prodigal Ministries has been described as the cutting edge for offender reentry programming and having a “holistic approach” to assisting felons. The Prodigal staff can realistically address prison aftercare because of their combined previous experience with the Kentucky Department of Corrections. Our staff has over 85 years of experience and over 10 years of establishment within the community, which includes over 5 years of residential programming. They have assisted the KY-DOC with pre-release services within the prisons for parolees and inmates who have served their entire sentence. Prodigal Ministries trains church members and volunteers to help offenders prior to release and after their release into the community. This instills a disciplined, spiritual lifestyle that makes transitioning easier in terms of housing, family issues, addictions, employment, medical and mental health.

Family Scholar House (formerly known as Project Women)
Our mission is to end the cycle of poverty by giving single-parent students the support they need to earn a four-year college degree.

As an organization Family Scholar House recognizes the challenges that single-parent students face in trying to provide housing, childcare, and basic necessities for their children without adequate income or the education necessary to obtain career-track employment. In Louisville, hundreds of single-parents are trying to survive. Since incorporating in 1995, our not-for-profit organization has helped hundreds of families in our region by providing housing and educational support.

With the Louisville Scholar House campus at full capacity, the Downtown Scholar House campus pre-filled in advance of opening in January 2011 and a waiting list of over 500 families, the need for our services is in great demand. Our response to the needs of disadvantaged families pursuing their educational goals is to grow through additional locations, expanded programming, and stretching resources to offer help and hope to single-parents and their children.
