If the email field on your application is incomplete the information will be sent via US Mail. Please note that fingerprint background checks are only valid for 12 months.

PHARMACY TECHNICIAN LICENSE

The Pharmacy Technician license expires the second June 30 from the date of issuance, not to exceed two years. This license is non renewable except by petition to the Board. The purpose of the Pharmacy Technician license is to provide an opportunity for a person to obtain competency in the role of a Pharmacy Technician and allow a person time to take and pass a national pharmacy technician certification examination while being eligible to work in a pharmacy. Note that an applicant for licensure as a Pharmacy Technician or Certified Oregon Pharmacy Technician must be at least 18 years of age and hold either a high school diploma or GED.

To become nationally certified, an applicant must take and pass a national certification exam through NHA (ExCPT) or PTCB and comply with NHA or PTCB’s requirements. Applicants who are nationally certified are eligible to apply for a Certified Oregon Pharmacy Technician license. A Pharmacy Technician license is not required to qualify for a Certified Oregon Pharmacy Technician license. Applicants who have not passed one of the two tests either through the National Healthcareer Association or the Pharmacy Technician Certification Board are NOT nationally certified and only eligible for a Pharmacy Technician license.

- PTCB (Pharmacy Technician Certification Board) www.ptcb.org 800-363-8012
