Internship

The course of four and a half years will be followed by a compulsory rotating Internship. The foreign students shall do their internship in their respective country of origin.
University of Technology, Mauritius

The University of Technology, Mauritius (UTM) was established in 2000 by an Act of the Parliament as the Government implemented its plan to have a second University. UTM is a member of the Association of Commonwealth Universities. Anna Medical College and Research Centre is affiliated with University of Technology, Mauritius, which is a University under the ambit of Government of Mauritius.

Tertiary Education Commission

Tertiary education revolves around the University of Mauritius (UoM), the University of Technology, Mauritius (UTM), the Mauritius Institute of Education (MIE), the Mahatma Gandhi Institute (MGI), the Rabindranath Tagore Institute (RTI), the Mauritius College of the Air (MCA) and the Fashion and Design Institute (FDI). Overseeing these seven tertiary education institutions (TEIs) is the Tertiary Education Commission (TEC) which has responsibility for allocating public funds and fostering, planning and coordinating the development of post-secondary education and training. Since 2005, TEC has the mandate to regulate private post-secondary education institutions locally through institutional registration and programme accreditation to ensure the quality of educational provisions. The TEC also determines the recognition and equivalence of post-secondary qualifications.

For more information visit website www.tec.intnet.mu
At AMCRC life is educative and fun filled. There is a strong student community and with the support of staff we live as one big family.

Students are encouraged to participate in many events occurring regularly throughout the year, social activities, co-curricular and extra-curricular programs.

The AMCRC campus is spread across beautiful landscaped area and is a magnificent edifice, blending modernity with the traditional Mauritian style of architecture.

Built to give students every academic advantage as they embrace their future as medical professionals. It features Wi-Fi throughout the academic grounds, interactive multimedia classrooms, labs & Blackboard Learn™.

AMCRC ensures that every convenience is provided for to enable a smooth, stress-free campus life where students can single-mindedly focus on their education, helping them transform into confident and competent medical and health professionals.

As a complement to the academic programs, AMCRC provides social, cultural and entertainment avenues for students to showcase their extracurricular talents.

Library
The College has excellent Central Library facilities. The Library subscribes to most of the national and international journals required for undergraduates and faculty. In addition to the Central Library, each Department has its own Departmental Library. The Central Library is equipped with all the modern facilities viz: Internet, CD-ROMs computers, audio-visual aids and photocopying. The library is also subscribing to Electronic Journal package for over 1000 journals.

Students Counseling
Regular counseling sessions are arranged for students at the college. Senior faculty look after this activity under the direct supervision of the Dean of the college. Every attempt is made to see that students feel fully secure and comfortable. Parents are also encouraged to interact with the faculty members regularly to ensure the well being of their wards.
Academic
The candidates must have passed Intermediate of Science / Class XII / 10+2 / A-levels / PUC / any equivalent systems with 50% marks in Physics, Chemistry, Biology (Zoology & Botany).

Note: Eligibility criteria of country of origin regarding number of science subjects and marks will be considered.

Minimum Age
Students must have completed 17 years of age at the time they start the medical degree course.

To Apply
Kindly logon to www.annamedicalcollege.com or contact admission officer either at Mauritius or India.

Hostel
Separate hostel facilities for boys and girls are available. Hostel accommodation will be offered to students depending on availability. There is an in-house catering facility available.

Visa formalities
Visa for all the students shall be processed by the college. Health requirement and investigations have to be done by the students at their cost.

Visa for parents and guardian are on arrival and presently at free of cost for some countries.

Requirements
Flacq Hospital, the teaching hospital of AMCRC is situated in the East of Mauritius at Centre de Flacq in the district of Flacq. It provides services for the Health Region 3 for a population of 170,000 inhabitants covering essentially the district of Flacq. 24 Community Health Centres, 4 Area Health Centres, 1 mediclinic are spread throughout the Health Region 3.

Mauritius

Mauritius is situated in the south-west Indian Ocean, a little above the tropic of Capricorn with a latitude of 20° south and a longitude of 57° east of Greenwich. It is 2,000 km off the east coast of Africa and some 855 km east of Madagascar.

An island of volcanic origin with an area of 1,864 square kilometers, it is almost entirely surrounded by coral reefs. Enjoyable and beautiful though, Mauritius is also a safe place to live either as a national, professional, student or family. Crime prevalence is very low making Mauritius one of the safest law-abiding countries of the world.

Time

Mauritius is 4 hours ahead of Greenwich Mean Time (GMT +4) and 3 hours ahead of mid-European time.

Currency

The monetary unit is the Mauritian Rupee (Rs.) which is divided into 100 cents (c). Coins exist as 50-cents, 1-rupee, 5-rupees, 10-rupees and 20-rupees. Notes exist in the following denominations: Rs 25, 50, 100, 200, 500, 1000 and 2000. There are no exchange controls in Mauritius.

International Airport

The Sir Seewoosagur Ramgoolam International Airport, also known as Plaisance (code: MRU) is approximately 48 kms from the capital city, Port Louis. Facilities include VIP lounges, duty-free shops both on arrival and departure, restaurants, banks and a Post Office.
