The Granite State is home to some of the best breweries in New England. The New Hampshire Brewery Map highlights the excellence and inspired diversity of fresh, handcrafted, New Hampshire-made beer. Follow along to find a wide range of award-winning breweries, microbreweries and brew pubs throughout the state. Each establishment offers a unique experience for you, your family and friends. Enjoy!
What’s the difference between a brewery, micro-brewery, and a brew-pub?

A **brewery** is a building or establishment for brewing beer or other malt liquors, especially the building where the brewing is done.

A **micro-brewery** is a brewery producing less than 15,000 barrels per year and usually concentrating on exotic or high quality beer.

A **brew-pub** is a commercial establishment that brews its own beer for sales on and off the premises and is typically combined with a restaurant.

Located in Concord, Manchester Brewing is fond of bad jokes, terrible puns and worse labels, and open for tastings by appointment. Look for their beers in finer hotels, pubs, beer stores and gas stations statewide. Be sure to call before visiting.

1860s
New Hampshire became home to three or four large-scale breweries, including the mega brewery of Frank Jones in Portsmouth, who claimed to be the world’s largest producer of ale.

1860s
Frank Jones’ brother started True Jones Brewery in Manchester, which serviced the mill workers.

1917
The big breweries, in New Hampshire and all over the United States, steamed ahead until Prohibition when legal production was halted.

1933
When prohibition was lifted, the Frank Jones brewery was revived by Eldridge Brewing.

FUN FACT:
Hops, the flower or cone of Humulus lupulus, are added for bittering early in the beer’s heating process, and different hop varieties are added at later stages for flavor and aroma.

Drop-in visits welcome
1950
Frank Jones Brewery, in its second incarnation, closed for good.

1970
Brewing in the state stopped until Anheuser-Busch moved into Merrimack producing pilsner-style lagers.

Redhook Ale Brewery is a state of the art craft brewery located in scenic Portsmouth. The on-site brew pub offers delicious lunch and dinner and tasty ales straight from the source. Daily brewery tours are available with beer sampling sessions.

FUN FACT:
The difference between an ale and a lager is not the color or ingredients or even sharp or sweet taste, but the type of yeast each is made from.

1950
Frank Jones Brewery, in its second incarnation, closed for good.

1970
Brewing in the state stopped until Anheuser-Busch moved into Merrimack producing pilsner-style lagers.

1991

1993
Smuttynose Brewing, named for an island among the Isles of Shoals, opened its doors in Portsmouth.
New Hampshire’s Brewery Map

**FUN FACT:**

As with wines, dry or sweet, there are the right circumstances for hoppy or for sweeter beers.

Big flavorful beers like stout need a big food match, like a seasoned steak, whereas fish could be enjoyed with a lighter fruity ale, and a rich porter can be enjoyed with desserts or chocolate.
