Apart from this, we hold seminars at various places to motivate students so that they may excel in every sphere of life. CONFIDENCE goes a long way in helping one get success in any field and this is why the need of MOTIVATION and INSPIRATION becomes indispensable.

**METHODOLOGY**

- Learning is a highly individualized process. It becomes easy when the teaching methods match the learning styles of students. We, here, teach according to the preference of the learning styles (visual, auditory, kinesthetic and tactile) of each and every student.

- Everyone has his own learning style, so the classes for Competitive English, Spoken English, Vocabulary, Interview Preparations, Public Motivation and Group Discussion have been designed to match his preferred learning style.

- First of all, we familiarize you with the grammar of the English language [chapter-wise] and then let you practise it thoroughly using Common Errors Made Easy- Practice Book and Rule Book with Explanations, focusing equally on accuracy and speed.

- To help you extend the range of your vocabulary we help you learn 30 words daily with the help of animation, video clip, etc. using projector.

- For holistic development, we provide you a booklet consisting of 101 practice sets (based on SSC Pre) which you are supposed to solve at your home daily and discuss with your mentor in a very detailed manner.

- For SSC (Mains) Examination, we conduct 2 tests in a week and discuss them thoroughly, so that you may become accurate and fast.
