INVITATION
MEN’S HEALTH CONFERENCE
FOR GENERAL PRACTITIONERS
GRAND HYATT MELBOURNE
SATURDAY 30 MAY 2015
LIMITED PLACES AVAILABLE - REGISTER NOW!

This activity will be submitted to the RACGP QA and CPD Program for Category 2 points for the 2014 - 2016 triennium.
YOU ARE INVITED...

Our 7th Annual Men’s Health conference provides an interactive forum for leading experts in men’s health to share their insights and experience, with our audience of general practitioners so that collectively, we can strive to improve the health and treatment of Australian Males. This conference forms part of Dorevitch Pathology’s ongoing commitment to education and development programs for general practitioners. Please join us to learn more about how we can together make a difference in men’s health.

Master of Ceremonies

Dr Michael Carr-Gregg
Clinical Psychologist
Michael is one of Australia’s highest profile psychologists and is currently Managing Director of the Young and Well Cooperative Research Centre, which is committed to exploring and understanding the role of new and emerging technologies in the lives of young people. He wrote his PhD on Adolescents and Cancer and founded Can Teen. He is a board member of Smiling Mind and a community ambassador for Big Brothers Big Sisters and Playgroup Victoria. He is a columnist for a number of medical publications, resident parenting expert on 7’s Sunrise, psychologist for the Morning Show and on radio 3AW with Neil Mitchell. He has authored 8 books including the “Princess Bitchface Syndrome”. We welcome Michael as our MC.

Special Guest Speakers

Professor Anthony J Costello AM
MD FRACS FRCS(I) MBBS
Director of Urology Royal Melbourne Hospital
Anthony Costello is a member of the Order of Australia, and the Professorial Fellow & Head/Department of Urology at The Royal Melbourne Hospital, affiliated with Department of Surgery, University of Melbourne. In 1998 he completed his Doctorate in Medicine by thesis on laser tissue interaction and application of lasers in prostatic surgery. He was the first urologist to use lasers to treat benign prostatic hyperplasia and has international recognition in this field. Prof Costello trained in surgery in Melbourne and then had fellowship training at the University of Texas, MD Anderson Hospital and the London Hospital in the University of London. His current interest is in the development of drug treatment for prostate cancer and in clinical application of robotics in prostate cancer surgery. He heads the largest robotic surgery program in Australia.
