WELCOME TO THE 2016 NISSAN MAXIMA® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your MAXIMA.

Click here to sign up for news and updates on the 2016 MAXIMA®.
TRANSFORM your drive from elevated to exhilarating at the touch of a button. Feel 300 horsepower push you deeply into a sculpted sport seat. Lean in to your favorite curve as sleek aerodynamics let you slice through the air. And after a pulse-raising ride, just as quickly return to swift, effortless motion. The all-new 2016 Maxima, the 4-Door Sports Car. Designed to boost your excitement AT WILL.
Dig deep into Maxima’s 300 horsepower and feel the solid push into the seat that only newly refined VQ V6 power can provide, with the assistance of technology inspired by GT-R® and a better power to weight ratio than a BMW® 335i or Acura® TLX 3.5 V6.¹ For those who live by numbers, 0–60 comes up in impressive time. For those who live by the drive, the wail of the exhaust as it pulls to its 6,400 rpm redline is all the proof you’ll ever need.²

¹2016 Nissan Maxima vs 2015 BMW® 335i and 2015 Acura® TLX 3.5 V6. Competitor information obtained from manufacturers’ websites. ²Professional driver. Closed course. Obey all traffic laws, always drive safely and wear your seatbelt. Damage resulting from taking competitive driving tests and/or racing is not covered by warranty. See your New Vehicle Limited Warranty and Owner’s Manual for proper vehicle operation and complete warranty details. Acura® is a registered trademark of Honda Motor Co., Ltd. BMW® is a registered trademark of BMW of North America. Nissan Maxima® Platinum shown in Pearl White with accessory Rocker Panel Moldings, Rear Diffuser, and Premium Spoiler.

See the 4-Door Sports Car® in action at bit.ly/maximaperformance

GIVE IT SIX SECONDS, AND YOU’LL NEVER LOOK AT A 4-DOOR THE SAME WAY AGAIN.

See the 4-Door Sports Car® in action at bit.ly/maximaperformance
Lowered, sculpted, and streamlined, Maxima® achieves a sweeping aerodynamic profile. However, watch the light as it traces a path around a curvaceous fender and it’s clear – it’s not just about cheating the wind, it’s about a love of form. In fact, the engineers and designers created a unique metal-stamping technique, just so they could add such a seductive curve to Maxima™’s deeply scalloped doors.

**DRIVE PAST HANDSOME, GO DIRECTLY TO STUNNING.**

BREATHTAKING DETAILS

“Floating” roof appearance | LED headlights” with integrated signature | Dual chrome-tipped exhaust finishers | Aggressive lowered stance | Deeply sculpted character lines

---

Nissan Maxima® Platinum shown in Gun Metallic. Available feature; low-beam only.
Technically, the term is “Wow”. There’s no better way to describe it – the perfect execution of driving function with elegance and style. The quality of materials. The ideal placement of controls. The long list of luxuries you expect – and a few you hadn’t even thought of. It’s clear that a great deal of time was spent, so that every moment in the new Maxima® feels special. Wow, indeed.

PURE AMBIENCE

Premium Ascot leather-wrapped D-shaped steering wheel
Zero Gravity Front Seats
Climate-controlled front seats
Dual Panel Panoramic Moonroof
Remote Engine Start System® with Intelligent Climate Control
Heated steering wheel
Ambient LED lighting
Genuine stitching on dashboard, doors and console

Available feature. *State laws may apply; review local laws before using.
UNLIMITED ENGAGEMENT.

By placing key controls intuitively where you want them, Maxima® connects you to your drive like no other. Rotating the center console 7 degrees towards the driver gives you an easy reach to key controls. The 7” Advanced Drive-Assist® Display and 8” multi-touch control monitor give you two large displays to view key information. And no detail was overlooked. The ergonomically shaped shift lever, Display Commander dial and Sport Mode button are all grouped together and carefully placed to fall readily to hand, putting personalized performance exactly where you desire — at your fingertips.

8” multi-touch control monitor
7-degree center console rotation
Display Commander
Drive Mode Selector

Nissan Maxima® SR shown in Charcoal Leather.
NISSAN ADVANCED DRIVE-ASSIST® DISPLAY¹,²

IT’S EVEN A QUICK READ.

With all you’ve got going on, you can still focus on what’s most important: driving. Maxima’s 7” color display is for your eyes only. From turn-by-turn directions to caller ID, even warning you if it senses you need a break,² the Advanced Drive-Assist Display lays it all right before your eyes – helping to minimize time looking away.³ And if you like, you can even change the color of the Maxima® on the display to match your mood.
Dial in Your World.

NissanConnect™ with Navigation

Imagine the possibilities when you combine all the features of an advanced navigation system with connected technology to help keep you in touch. While you’re driving, you can use Voice Recognition and Online Search with Google® to find that hip new food truck.¹⁻²⁻³ Invite your friends to join in with Bluetooth® hands-free calling.⁴ Keep in the loop with the hands-free text messaging assistant,⁵ or just kick back and listen to music from Bluetooth® streaming audio,⁶ or one of the two iPod®/USB connection ports.⁷ More? Available SiriusXM® Travel Link® helps keep you on the go with live traffic alerts and weather forecasts – it can even help you find the cheapest gas.¹⁻²

Advanced Touch-screen Monitor Standard on every Maxima®, you’ve got a massive 8.0” multi-touch control color monitor with Voice Recognition. It’s so advanced, you can even pinch and swipe key screens, similar to a tablet.

Display Commander gives you an all-access pass and controls the functions you make through the 8” multi-touch screen. By rotating the dial or pushing it left to right, you can scroll through all menus, and move selections around the screen.

Driving is serious business. Only use NissanConnect® services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Cellular network not available in all areas. Cellular network, apps, and services, including Google® services, are provided by independent companies not within Nissan’s control and may require subscription and owner consent to activate. If you have questions about a feature, please contact your dealer. If you have questions about a service, please contact the service provider. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2015 Sirius XM Radio Inc. Sirius,® XM®, and all related marks and logos are trademarks of Sirius XM Radio Inc.

Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details.

Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Standard text rates and/or data usage may apply.
MEET YOUR ENTOURAGE.

NissanConnect™ Services powered by SiriusXM®! Let our people look after you and your people. With available NissanConnect™ Services, you have a selection of plans and services ranging from remote start access on your phone to calling for help if the system senses there’s been an accident. Hey, that’s what friends are for.¹, ²

**EMERGENCY PREPAREDNESS**

When things go bad, we’re good to have:
- Automatic Collision Notification – If you’re in an accident severe enough to deploy the air bags, we’ll automatically call for help.³
- Emergency Calling – The touch of a button connects you to a live person to assist you.⁴
- Roadside Assistance Service – Flat tire? Run-out of gas? We can dispatch roadside assistance to your Maxima®’s location.⁵

**REMOTE ACCESS**

Not in your car? Help is accessible through your compatible computer or compatible smartphone⁵:
- Remote Door Lock and Unlock – Forgot to lock up? Use your smartphone like a super-powerful remote – or just call us⁶
- Remote Engine Start – Nothing beats coming out to a warmed-up or cooled-down car⁶
- Remote Horn and Flashing Lights – Now, where did I park? We’ll sound the horn and flash the lights so you can easily find your car.

**CUSTOMIZABLE ALERTS**

You tell us the limits. We’ll alert you via email, text message or automated phone call if someone’s out of line.⁷
- Speed – A real help if you’ve got lead-foots in the family.⁸
- Curfew Alerts – We’ll even send notification to the driver 20 minutes before the curfew alert.⁹
- Valet Alerts – If the valet drives your Maxima® more than 0.2 miles, you’ll know. You can also set geographical Boundary Alerts when your vehicle is driven 2 miles beyond a set area.

**CONVENIENCE SERVICES**

Getting you from here to there – easy:
- Connected and Assisted Search – Forgot where your favorite band is playing tonight? We’ll find it.¹⁰
- Journey Planner – Vacation? Through the web portal, we’ll send a route with up to five waypoints and a destination directly to your Maxima®.¹¹

¹ Driving is serious business. Only use NissanConnectSM when safe to do so. Late availability for some features. Services, including automatic collision notification and SOS, are dependent upon the telephone device being in a service condition. Ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal reception, the absence of which can limit or prevent the ability to use NissanConnectSM. Customer’s local wireless service provider’s signal strength determines whether or not NissanConnectSM can connect to a wireless network. ² For details, see “Content and Restrictions” in your Owner’s Manual. Data, including content, are the sole responsibility of the content providers or producers, not Nissan. Nissan is not responsible for the content, accuracy or availability of any content available through the system or for any content created by or for any third party in connection with the services. ³ For details, see “Map Data” in your Owner’s Manual. ⁴ Access to this service requires active subscription to NavTraffic® and NavWeather®. ⁵ Subject to the applicable terms and conditions of a paid subscription to SiriusXM® Satellite Radio. NavTraffic® and NavWeather® subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic® available in select markets. Services available only to individuals with an active SiriusXM® Satellite Radio subscription and who are residents of the 48 contiguous United States and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ⁶ Activation Access is required and terms and conditions of Subscription Agreement apply. ⁷ Terminated without notice and with no liability to Nissan, SiriusXM and/or their respective agents or affiliates. Subscriptions governed by Subscription Agreement available at siriusxm.com. ⁸ Observation of traffic laws, speed limits, and the road conditions and other factors may be necessary. ⁹ Enrollment is required to receive full suite of services. Six (6) month trial period begins on your date of vehicle purchase or lease of a new Nissan; subsequently a paid subscription is required at the then current rate to continue to receive services. ¹⁰ Text rates and/or data usage may apply. ¹¹ Google® is a registered trademark of Google Inc. iPod® is a registered trademark of Apple, Inc. WHEN YOU AIM FOR THE STARS, YOU BUILD A ROCKET.

Power, courtesy of a 3.5-L V6 engine. Under the Maxima’s hood beats the heart of Nissan’s VQ V6 engine. This year, the legendary V6 has been extensively refined and optimized, even employing sodium-filled exhaust valves – technology borrowed from our GT-R® supercar. From its microfinished forged crankshaft and anodized pistons to its high-flow tuned induction system, this 300-hp powerhouse is designed to exhilarate from idle to redline.

Response, brought to you by the Next-Generation Xtronic CVT®. Completely re-engineered for both enthusiast and economist, Maxima’s all-new CVT features dynamic step shifting, wider gear ratio coverage, and an adaptive shift controller. The result: more distinctive shift points, a more connected, spirited driving experience, and increased fuel economy – up to 30 MPG highway.¹

Adrenaline on tap, via Sport Mode. Put the Drive Mode Selector into Sport and you’ll sharpen throttle response, steering feel, and transmission tuning for a pulse-raising ride. The system even adjusts Maxima’s available Active Sound Enhancement (ASE), bringing in a more purposeful engine note into the cabin – music to any enthusiast’s ears.

¹2016 EPA fuel economy estimate 30 MPG highway for 2016 Nissan Maxima. Actual mileage may vary with driving conditions – use for comparison only.
A great sports car is about more than just power. It’s the overall balance, including handling, braking, and ride that create a truly memorable drive. To give you a G-induced grin, Maxima® SR combines 19” diamond-cut, machine-finished alloy wheels with a sport-tuned suspension featuring advanced dynamic technologies. Specialized hardware includes specially tuned ZF Sachs® dampers with a monotube design in the rear, and a reinforced chassis that provides higher torsional rigidity than a Porsche® Cayman.® So get inside, grab the thick wheel with Alcantara® inserts and column-mounted paddle shifters, and go enjoy the thrill of carving up your favorite road in the way only a purpose-built sports car can provide.
Maxima® SR. Purists Welcome. In the world of the 4-Door Sports Car®, there’s a special place for those who have a mindset that goes beyond enthusiasm, passion, or even exhilaration. Welcome to a place where driving is simply an expression of who you are – brought to you by people who feel exactly the same way.

THE DRIVE, ELEVATED.

Premium Ascot leather-wrapped D-shaped steering wheel with Alcantara® insert

Premium Ascot Leather-appointed seating with diamond-quilted Alcantara® inserts

“Liquid Chrome” faceted interior trim

Column-mounted paddle shifters

Integrated Dynamics-control Module (IDM)
NISSAN AROUND VIEW® MONITOR

IF YOU WANT PARKING ANY EASIER, YOU’LL HAVE TO VALET.

What if parallel parking were easier? A RearView Monitor is great when backing up – but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Maxima®’s class-exclusive Around View® Monitor uses four cameras to give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.1,2,3

Parking sonar. Maxima®’s available parking sonar gives you an added ally in your pursuit of parking, with sensors on all four corners looking out for static objects and giving you an audible warning when it detects you’re getting close.4

V irtual composite 360º view.  3

*Parking assistance system feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. (Federal Motor Vehicle Safety Standard 111) If you have Reverse Gear Selector (RGS), models with Intelligent Key, switch Backing-Up Monitor system off when you are not backing up. This system is a convenience, but is not a substitute for proper backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object.
NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Woudn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions, from a system that helps ensure you’re travelling on properly inflated tires, to an available system that monitors your driving, and alerts you that you may need a break.

Available Features:
- Driver Attention Alert (DAA)1
- Predictive Forward Collision Warning (PFCW)2
- Forward Emergency Braking (FEB)3
- Blind Spot Warning (BSW)4
- Rear Cross Traffic Alert (RCTA)5
- Around View Monitor with Moving Object Detection6
- Intelligent Cruise Control (ICC)7

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

- Vehicle Dynamic Control® helps you maintain your steered path.
- Traction Control System helps reduce wheelspin in low-traction situations.
- Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
- Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
- Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.9

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.10

- Six Standard Air Bags.10
- LATCH System (Lower Anchors and Tethers for Children)

NISSAN SAFETY SHIELD® MONITOR RESPOND PROTECT

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

1 It is the driver’s responsibility to remain alert at all times. DAA is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not assist the driver and provide an alert in every situation. See Owner’s Manual for details. 2 PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner’s Manual for details. 3 FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. 4 Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. 5 Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner’s Manual for details. 6 Around View Monitor with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. 7 Intelligent Cruise Control is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. 8 VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. 9 Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver’s responsibility to be in control of the vehicle at all times. 10 Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front passenger’s seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment. 11 TPMS is not a substitute for regular tire pressure checks. 12 Vehicle must be on for the Easy-Fill Tire Alert to operate.
NISSAN SAFETY SHIELD TECHNOLOGIES™
GET AWAY WITH JUST A WARNING.

What if extra reassurance was easy to spot? Whether you’re changing lanes on the highway or deftly maneuvering your way into a parking spot, Maxima®’s available Safety Shield Technologies™ offer you a suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic and even think ahead.

Predictive Forward Collision Warning. In traffic, it only takes a moment to get caught off guard in a potentially dangerous situation. How about a little help? With this technology, a radar sensor on the front of Maxima® constantly monitors not just one vehicle ahead in your lane, but two. When the system detects sudden deceleration two vehicles ahead, it gives you an audible warning and a visual signal on the instrument panel. So you get a heads up, even if you can’t see what’s slowing you down.1

Forward Emergency Braking. Using radar technology to keep an eye on your speed and proximity to the vehicle ahead of you, Forward Emergency Braking gives you audible and visual display warnings to help you reduce your speed, if necessary. It can also apply braking if you fail to respond to help you avoid a collision. If a collision is unavoidable, this feature will engage the brakes to help reduce speed of impact and reduce the severity of a collision.2

Blind Spot Warning. If another vehicle is detected in the blind spot area, an indicator appears in the driver’s or front passenger’s door pillar and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.3

Rear Cross Traffic Alert. When you’re backing out of a parking space, this available feature can detect and warn you about detected vehicles you might not see behind you approaching from either side. So backing up feels easier than ever.4

RearView and Around View® Monitors. When you’re in Reverse, the standard RearView Monitor shows what’s directly behind you and makes backing up and parking easier. And the available class-exclusive Around View® Monitor uses four cameras to give you a virtual 360º bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, to help you see where you’re going without second-guessing.5 6 7

1 PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner’s Manual for details.
2 FEB cannot prevent accidents due to careless or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. Blind spot warning is not a substitute for proper rear view procedures. The system will not prevent contact with other vehicles or obstacles. It may not detect every object in your path or alert you in time to act to avoid a collision.
3 Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner’s Manual for details.
4 A rear view mirror is required for rear view. Can be incorrect in rainy, snowy, or foggy conditions. Always check surroundings and turn to look behind you before moving vehicle. Virtual composite bird’s-eye view. 5 6 7 8 From target 2015 large sedan competitors. Blind spot warning is not a substitute for proper rear view procedures.

You’ve decided which Maxima® you want, now here comes the best part: deciding what it’s going to look like. Choose your favorite color and then pick from the available interiors based on the model of your choice.

Nanopigment paint. Maxima® colors Coulis Red and Forged Bronze feature a new nanopigment technology where the paint pigments are ground 10 times finer than those found in traditional paint. The resulting finish is stunning with an exceptionally deep, wet, lustrous look.

Standard Nissan has taken care to ensure that the color swatches presented here are the closest possible representations of actual colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local Nissan dealer.

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individual to up two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus®. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus®. This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Actual mileage may vary with driving conditions – use for comparison only.

Always wear your seat belt, and please don’t drink and drive.

Thumbs Off Your Phone While Driving!

Every year, too many people die because we can't put our phones down while driving. That's why Nissan is supporting the Red Thumb Movement as part of our ongoing commitment to reduce fatalities on the road.

So paint your thumbnail red as a reminder not to pick up your phone when you're behind the wheel. Find out more at NissanUSA.com/redthumb
