Advanced technologies for customers whose missions are vital to the world’s safety and security

Technology innovator with industry leading commitment to research and development

Agile, commercial mindset to meet the most demanding budgets and deadlines

The result: innovation with a purpose and missions that succeed

Our promise is simple: to connect, inform and protect
22,000 employees worldwide
9,000 engineers and scientists
Supports customers in more than 125 countries
Industry leading R&D investment
Broad portfolio, strong franchises, key experts, and a proven track record of innovation and success
Global locations and support

Global Headquarters
Melbourne FL, USA

Abu Dhabi, UAE

Winnersh, UK

Segment overviews

**Communication Systems**
- **$2.1B**
- Tactical and airborne radios, night vision technology, and defense and public safety networks

**Space and Intelligence Systems**
- **$1.9B**
- Complete Earth observation, weather, geospatial, space protection and intelligence solutions from advanced sensors, antennas and payloads, as well as ground processing and information analytics

**Critical Networks**
- **$2.5B**
- Managed services supporting air traffic management, energy and maritime communications, and ground network operation and sustainment, as well as high-value IT and engineering services

**Electronic Systems**
- **$1.6B**
- Extensive portfolio of solutions in electronic warfare, avionics, wireless technology, C4I, and undersea systems
Integrated system solutions for U.S. and international defense and public safety networks including tactical ground and airborne radios, battlefield management software and night vision technology.
Space and Intelligence Systems

Complete Earth observation, weather, geospatial, space protection, and intelligence solutions from advanced sensors and payloads, ground processing, and information analytics

MISSION SUSTAINMENT

CAPROCK

Technology to Connect, Inform and Protect™
Each day, more than **87,000 flights** arrive safely, and over **400 vessels** securely navigate global waters using Harris networks.

The safety of over a **billion people** in the Eastern hemisphere draws on weather forecasts from the Himawari-8 satellite, featuring the Harris-built Advanced Himawari Imaging instrument.

For **sixty years**, customers have turned to Harris electronic warfare capabilities to dominate the electromagnetic spectrum across **air, land, and sea** domains.

Since 2000, Harris has fielded over **1,000,000** ground, airborne and in-vehicle Falcon® and SINCGARS radio systems throughout the world, ensuring reliable communications for those who defend, protect and serve.
Corporate responsibility

Committed to employee safety, conducting business ethically, good stewardship, and philanthropic activities in our global communities
