Computers & Technology

Computer Basics for Beginners
This class is for the new computer user who wants to learn about computers in an easy to understand hands-on course. You will learn to use the desktop, taskbar, scroll bars and other controls necessary to be proficient in Windows. Effectively use the basic programs to write letters and save into organized folders you create. Learn to use flash drives to make information portable. This class uses Windows 7, Not Windows 8. Instructor Amanda Warner.

Apr 4 - Apr 25 M 6:00pm - 8:30pm WAH 212
Code 8614 Course CS 152A $50
Lifelong Learners 50+
Code 8615 Course SNRC 043A $30

Intermediate Computer
This course is for students who have completed Computer Basics or have an understanding of creating and saving documents. We will continue to work with file management skills, practicing, creating, copying, moving, and deleting files and folders. Expand your knowledge to include common tasks such as printing and moving information from one application or folder to another. Use “search” to find anything on your computer! We will also learn to maintain your computer and work with the Control Panel, Navigating the Internet and how to find and save information. This class uses Windows 7, Not Windows 8. Instructor Amanda Warner. No class 5/30

May 9 - Jun 6 M 6:00pm - 8:30pm WAH 212
Code 8618 Course CS 152C $50
Lifelong Learners 50+
Code 8619 Course SNRC 043C $30

New! Digital Archiving Basics
Facing a hard-drive crash or loss of important business and personal media files can cause panic and result in a search for costly fixes. Learning a little about digital archiving can save you thousands of dollars in recovery costs if you lose data files. This course focuses on steps to take now to assure your important documents, photos, music, and family history will remain available and that copies of these files will always be in your possession. The presentation includes ample time for questions, answers and audience discussion. Instructor Gayle Palmer

April 30 Sa 9:00am - 1:00pm WAH 115
Code 8699 Course CS 151A $60

Microsoft Word
Designed to help you become efficient at creating, editing and saving documents. Topics include formatting, copying, selecting, and editing. Instructor Amanda Warner

Apr. 6 - Apr 27 W 6:00pm - 8:30pm WAH 212
Code 8616 Course CS 152B $50

Code 8692 Course CS 136D $50

Papermaking Workshop
A fun, one-day class in papermaking, where you will learn the basics of this beautiful art form. From constructing your own mold and deckle to producing unique, handmade papers, this is a skill you can use throughout the year for gifts, cards, bookmaking, and more. Bring large cookie sheet plus dried flowers, seeds, etc.; instructor will provide all other needed materials. Supply cost $10. Instructor Susan Alexander.

April 7 Th 12:00pm - 4:00pm TEC 109
Code 8675 Course CS 101P $60

Intro to Artistic Welding & Metal Working
Students will be introduced to beginning welding techniques and metalworking. Students will learn a variety of processes, including: oxy/acetylene welding, MIG welding (GMAW), torch cutting, plasma cutting, and the use of metal shears, benders, grinders, punches, saws and drill presses. Students interested in learning other processes such as TIG welding (GTAW) or stick welding (SMAW), will be given special instruction and then have the opportunity to practice on their own. Each student will be given an opportunity to complete an artistic project of their choice. This is not an Industrial Welding class. Supply list will be mailed. Instructor Marycolleen Foley No class 5/30

Apr 4 - Jun 13 M 6:00pm - 9:00pm TEC 103
Code 8684 Course CS 139A $125

Artistry in Metal Workshop
This course is designed for the students that have taken the Intro to Artistic Welding and Metalworking class and/or students that want further shop time in technical areas of metal working and welding. Shop space and a grinding room is provided as well as welders and various metal forming, shaping and cutting equipment. We will discuss preparing pieces for upcoming exhibits or fairs. A $25 lab fee to cover welding gasses and wire is included in tuition cost. This is not an Industrial Welding class. Instructor Marycolleen Foley

Apr 9 - Jun 11 Sa 12:00pm - 4:00pm TEC 103
Code 8686 Course CS 139C $150

Basket Weaving
Weaving classes for everyone! Learn the basics of basket weaving as well as some pattern techniques. We’ll be weaving with Rattan, also called Date Palm, which is pliable when wet but incredibly strong when dry. You will be using color (dyed) Rattan and Seagrass for accent patterns in some of the baskets making it your own creation. Learn the basics of weaving as well as new techniques with each new basket. Weaving is very therapeutic and rewarding and I feel anyone can learn the wonderful art of weaving! Instructions for staining your basket will be given as well as cleaning and care. You’ll be going home with a finished basket at each class. Bring a snack/lunch since we’ll be working through lunch. Kits with instructions for each basket will be available to purchase. Supply cost (listed below).

Intro to Zen Doodling
Zen Doodling is a fascinating, meditative style of drawing that allows you to unwind from stress, focus your thoughts, and explore your creative side, even if you have no artistic talent! In this class, you will learn a wide variety of striking drawing patterns, styles and techniques, based on Zentangle an art form developed by Rick Roberts and Maria Thomas, that uses simple, repetitive lines and shapes and deliberate pen strokes to create striking, one-of-a-kind abstract art. You’ll be left with a heightened sense of clarity, personal well-being, and artistic satisfaction. Come prepared to relax and experience something truly unique and restorative. Supply cost $10. Instructor Susan Alexander

April 9 Sa 10:00am - 4:00pm WAH 113
Code 8677 Course CS 136A $50

Applied/ Decorative Zendoodling
You know ZenDoodle (or want to) and now you’re ready to take your skills to the next level. In this class, we will apply striking ZenDoodle patterns to creatively decorate anything from tableware and furniture to clothing and shoes. The end result will be a beautiful, one-of-a-kind piece. Bring an item you’d like to decorate and the instructor will provide all the pens, markers, and everything else you need. Several project pieces will also be available to choose from. All skills levels are welcome; students will work at their own pace. Supply cost $10. Instructor Susan Alexander

April 16 Sa 10:00am - 4:00pm WAH 113

Intro to Zen Doodling
Zen Doodling is a fascinating, meditative style of drawing that allows you to unwind from stress, focus your thoughts, and explore your creative side, even if you have no artistic talent! In this class, you will learn a wide variety of striking drawing patterns, styles and techniques, based on Zentangle an art form developed by Rick Roberts and Maria Thomas, that uses simple, repetitive lines and shapes and deliberate pen strokes to create striking, one-of-a-kind abstract art. You’ll be left with a heightened sense of clarity, personal well-being, and artistic satisfaction. Come prepared to relax and experience something truly unique and restorative. Supply cost $10. Instructor Susan Alexander

April 9 Sa 10:00am - 4:00pm WAH 113
Code 8677 Course CS 136A $50

Applied/ Decorative Zendoodling
You know ZenDoodle (or want to) and now you’re ready to take your skills to the next level. In this class, we will apply striking ZenDoodle patterns to creatively decorate anything from tableware and furniture to clothing and shoes. The end result will be a beautiful, one-of-a-kind piece. Bring an item you’d like to decorate and the instructor will provide all the pens, markers, and everything else you need. Several project pieces will also be available to choose from. All skills levels are welcome; students will work at their own pace. Supply cost $10. Instructor Susan Alexander

April 16 Sa 10:00am - 4:00pm WAH 113
Code 8678 Course CS 136B $50
Stained Glass – Lead & Foil
Learn all the techniques to make and complete your first stained glass panel. Class covers selecting design, leading basics, soldering, and finishing techniques. Students will be able to purchase supplies and tools from the instructor at class or if you have any glass tools feel free to bring them to class. Glass and material supplies will cost approximately $100-$200, payable to the instructor. Class held at 18245 Irwin St SW, Rochester. Call for directions 273-6562. Please bring a fine or medium black and silver Sharpie to class. Students may bring a sack lunch or snack to the day classes. Instructor Karen Milton
