Pennsylvania Insurance Department
Continuing Education and Pre-licensing Program Requirements

General Program Requirements

1. All requests for course approval must be submitted online at www.sircon.com at least 60 days prior to the requested approval date. Any incomplete course approval submissions will delay the approval/disapproval of the course.

2. If a course approval has been denied or is canceled by the provider, the provider must refund the full course fee or full credit to the attendee within 30 days. This guideline applies to courses advertised as “approval pending” for which approval was not granted, or courses that were canceled by the provider. The provider may not establish a “no refund” policy.

3. The class must be held in a facility that complies with the Americans with Disabilities Act.

4. For courses/programs of instruction to qualify, they must:
   - Be offered by an approved provider;
   - Contribute to the professional competence of a producer;
   - Be submitted online at www.sircon.com with the appropriate fee for each course;
   - Have significant intellectual or practical content to enhance and improve the insurance knowledge of the participants;
   - Use the most recent forms filed in Pennsylvania, editions and laws to the extent possible;
   - Include methods which will be employed by the provider for the improvement of the course;
   - Include a bibliography of reference sources; and
   - Meet all CE laws.

5. Advertising:
   - All advertisements of courses must include:
     - The provider name and course title as they appear on the application for approval;
     - The course fee and credit hours assigned to the course;
     - Whether an exam is required in order to receive CE credit;
     - No guarantees that the student will pass a required exam;
     - No false, deceptive or misleading statements.

   If the provider wishes to advertise the course while waiting for its written approval from PSI, the advertisement must state that the course is “pending approval.”

6. Once approved, a course may not be substantially altered. A substantial alteration is any change that would modify the content or time allocations stated in the course syllabus or would change any of the course topics.

7. Providers may not change a course’s content or outline without prior written approval. Failure to obtain written approval in advance may result in a denial of CE credit for the course.

8. Fifty (50) minutes will qualify for one CE credit hour. Breaks, introductions, lunches, announcements or other non-instruction time do not qualify for credit. Partial credits are not allowed. Time allotments less than 50 minutes will be rounded down, and no more than 8 credit hours per day will be approved.

9. Providers and courses expire 2 years from approval date. Renewal notices will be sent 60-90 days prior to expiration date. 10. Each course must be a minimum of one credit hour with a maximum of 48 credit hours.
11. All courses must have verification of attendance. Attendance and any exam requirements must be met for a student to receive credit for the course. No partial credits are permitted. Any request by a student for an exception to the credit for attendance requirement must be filed with the Insurance Department within 15 days of the course completion.

12. Providers must agree to inform PSI of the date, time and location of each CE classroom session, conference and convention, at least 30 days prior to presenting. Further, PSI must be notified immediately when a change is made in date, time and/or location. Failure to inform PSI may result in courses being denied approval or current approvals being revoked.

13. Providers must maintain accurate attendance records for each course. Providers must obtain all producers' signatures on a sign-in sheet. Only students meeting attendance requirements may receive credit for course completion. **Courses require 100% attendance of each participant.**

14. Providers are required to report course completion rosters for both Continuing Education and Pre-licensing courses within ten (10) business days of course completion online using Sircon's Compliance Express. Providers must distribute course completion certificates to all individuals who meet the requirements of the course within 30 days of the conclusion of a course. The certificate must contain the name and identification number of the attendee, the name and identification number of the course, the date(s) the course was held, the number of credit hours completed by each attendee, and the name and identification number of the provider.

15. Producers will receive credits only once for a course completed in the producer's current licensing period regardless of the number of times the same course is taken.

16. Approved instructors of continuing education courses will receive double the approved credit hours for teaching a course. For a course with multiple instructors where instruction is shared, credits are divided equally among instructors and then doubled. No credit for teaching courses twice in same licensing period also applies.

17. Course providers must agree that representatives of PSI and/or its designees, and employees of the Pennsylvania Insurance Department and/or its designees, in an official capacity, may audit course instruction, course materials, instructors' presentations, course records, records of examination, attendance rosters and other aspects of instruction. These auditors will not be interfered with while conducting or attempting to conduct an audit. Audits will be conducted with minimal disruption. Providers agree that auditors may attend any course offered for the purpose of the audit without paying any fee. Providers grant PSI and the Pennsylvania Insurance Department the right to audit and/or inspect these records at the premises of the provider or at the physical location of such records. A written report from PSI will summarize the audit and copies will be forwarded to the Department and the provider.

18. Providers must be able to verify who attended and completed each course for a minimum of six years following the completion of a course.

19. Providers must keep all records pertaining to its Pennsylvania CE/PLE activities for a minimum of six (6) years. The provider agrees that upon request, these records are available to the Pennsylvania Insurance Department and PSI.

20. Students attending courses in preparation for a professional designation exam may receive credit for either the classroom hours or for the exam, but not both.
Qualifying/Non-Qualifying Course Subjects

21. For courses to qualify, they must be of a formal learning program, which imparts substantive and procedural knowledge relating to the insurance field.

22. The following subjects/topics may NOT qualify:
   - A course in office or business skills, including typing, speed reading, or the use of computers, calculator, or other machines or equipment;
   - A course in office management, client relations, or other matters aimed at improving the operation of the person's business; or
   - A course in sales training or product promotion, stress management, time management, psychology, motivation, written and/or communication skills.

23. The authorized course coordinator is responsible for verifying that instructors meet the required minimum qualifications. Instructors must meet one or more of the following qualifications:
   - Minimum of 3 years’ experience in course subject matter, or
   - Degree in course subject matter and/or a minimum of 2 years’ experience as an insurance producer with 6 months of experience in course subject matter.
   - Any relevant history of instructor’s license or certificate.

Self-Study Courses (including Internet and computer-based courses)

24. Self-study courses must include an examination to receive credit. The proposed exam must be submitted with the request for course approval. The exam must be a proctored, closed-book exam with no assistance provided to the student.

25. A disinterested third party must proctor the exam. The disinterested third party proctor or monitor is an individual who has none of the following: family relationship with the student; is a direct supervisor of the student; or a person directly supervised by the student. The completion date is the date the proctor signs and dates the exam. A certificate of course completion is to be given to the student who successfully completes the exam, within 30 days of the completion date.

26. Self-study exams must contain at least 25 questions. The number of questions must increase proportionately as the amount of material increases up to a suggested maximum of 75 questions for large courses. It is suggested that all questions should be in either a four-alternative multiple choice or completion format and that the use of True/False questions be avoided. Credit hours will be determined by the estimated time it will take a student to study the material, adjusted by the percentage of the course content that is acceptable as CE. Credits will be allowed only if the student receives a grade of 70% or greater on the examination.

27. Internet/online exams must also be proctored according to the identical guidelines for self-study. In addition, the student must review the text in its entirety prior to being granted access to the exam and the student may NOT be allowed to view the text material while completing the exam.

Pre-Licensing Courses

28. Providers of pre-licensing courses for producers must provide the student the original Certificate of Pre-Licensing Course Completion documenting the applicant’s successful completion of the course in addition to submitting a roster.

29. Pre-licensing courses may be approved for any number of credits but must contain 3 credits of ethics content. Applicants must complete a total of at least 24 pre-licensing credits. The credits may be earned from completing one or more courses.

30. The outlines must cover the subject matter included in the current exam content outlines.
