G. Diploma in Theology

The Dip.Th is designed to:

• provide the knowledge, skills and values you will need to help you do theology in your own context;
• help you think more deeply and critically about Scripture, the Church, and a variety of contexts;
• enable you to put into practice – in church and community contexts – what you are learning;
• stimulate and develop your personal spirituality as you learn to incorporate your studies into your life and ministry;
• develop academic disciplines and competencies that will enable you to continue to study beyond this Diploma within the National Qualifications Framework, should you wish to do so.

This qualification does not automatically lead to ordination. Ask your church leaders for advice about the requirements for ministry in your church.

Accreditation
TEE College is registered with the Department of Higher Education and Training (DHET) as a Private Higher Education Institution, and it offers qualifications accredited by the Council on Higher Education (CHE).

This qualification (Dip.Th) is registered with the South African Qualifications Authority (SAQA) at Level Six on the National Qualifications Framework with Learning Programme ID 62756.

Who may register for this qualification?
Any person wishing to register for the Dip.Th must have passed Grade 12 / Standard 10 (South African National Senior Certificate), or equivalent.

Alternatively, they must have successfully completed the TEEC Access Assessment.

Students who have completed a Higher Certificate in Theology may be admitted to the Dip.Th, and be credited with up to 120 level 5 credits.

• you study a maximum of two courses at a time if you study part-time, and no more than four courses if you study full-time;
• you set aside at least six hours of study time per week for each course;
• you give yourself more study time in the weeks leading up to due dates for assignments, as you may need to carry out practical work done away from your desk;
• you attend a tutorial group, if any are available near you.

**Graduation requirements:**

**Recommended Study path**

Unless directed otherwise by your church or by those responsible for your training, it is recommended that you:
- First complete the six compulsory level 5 courses;
- Only register for level 6 courses once you have completed (or are registered to complete) the level 5 courses;
- Only register for level 7 courses once you have completed at least six level 6 courses.

Regardless of the combination of courses you take, or the number of credits you earn, you need to meet the qualification requirements before this qualification will be awarded.

Each course on the Dip.Th carries a credit value of 20. Each credit represents approximately 10 notional study hours. Therefore a 20 credit course requires approximately 200 study hours which works out to six hours per week over 32 weeks. This includes working through the material, completing tasks that are done ‘away from the desk', and preparing and writing assignments / exams.
**Pre-requisites**

Some courses are dependent upon the successful completion of earlier courses. It is not possible to register for a course if its pre-requisite courses have not been completed.

If you do not intend to complete the full programme but are choosing some courses for personal interest, then please indicate this in writing when submitting your registration form so that the programme prerequisite rules are not applied to you (and your registration consequently rejected!).

Please note that you will be registered as NDP (non-degree purposes), and your studies (even if successfully completed) cannot be used towards a qualification.
**Course selection for 2016**

New students who are registering to start studying on the Dip.Th will begin with the Compulsory level 5 courses.

Students need to complete the level 5 courses (or be registered for them) before registering for level 6 courses - please note that pre-requisites still apply.

Students who have successfully completed the HCert(Theology) can be credited with the six level 5 courses, and can register for level 6 courses. Bear in mind that some level six courses will not be available to you if you completed the corresponding course on the Higher Certificate.

**Study Fees**

You pay a fee for each and every course for which you register. If any courses have exams, then add the exam fee for each exam course that you are registering for.

Course Fees paid in full at registration are discounted (less than full price). This is **Option A**. Registering early in the registration period means that you will also receive your study material early which will give you a head-start with your studies and assignments.

It is also possible to pay by instalment – This is **Option C**. You pay a deposit for each course when you register. The four instalments must be completed by the end of May.

```
Please note that due to the high levels of non-payment by students who selected Option C that the TEEC Board of Directors is re-evaluating how this option should be offered. Please check your programme application form for details.
```

There is a “once-per-year” application administration fee on the Diploma in Theology programme.

Students outside South Africa and students who select a Courier postage option are charged their postage fees. These fees are based on weight and can only be worked out when the student's parcel is packed and dispatched, and will be charged to your student account.

**Fees 2016**

In each year that a student registers for courses the annual application fee applies. This is only paid once in an academic year,
and it is not refundable. Paying just the application fee does not register a student with TEE College, the application fee must be paid together with the relevant courses fees (given below) in order to be registered.

<table>
<thead>
<tr>
<th>Annual application Fee (paid once per academic year)</th>
<th>R 400</th>
</tr>
</thead>
</table>

**Course Fees Paid in full** – When you pay your course fees in full at registration then you use the **Option A** price.

</tr>
</tbody>
</table>

Your course material includes everything you need for the course. You are not required to buy any additional books.

When you Repeat a course you will not receive the workbooks again, you will use the ones you have. You will receive a new assignment booklet and you must complete the new assignment questions.

**Course Fees paid in instalments** – There is the option to pay some courses by instalment – *See the programme application form for details*. For Option C courses you will pay the deposit for each course at registration, and you will pay the balance in instalments.

</tbody>
</table>

**First Semester**

Register and pay the deposits: 01 November to 31 January.
Instalment due dates: 28 February, 31 March, 30 April & 31 May.

*Accounts not settled by May are charged interest.*

*If you previously registered using Option C and did not pay by the final due date, then you will not be offered option C in the next year. This means that all courses must be paid for in full at registration.*

**Exam Fees for 2016**

If you register for a course that has an exam as its final assessment then you need to add the Exam Fee to the Course Fee – whether it is
a Full or a Repeat registration.

| Exam Fee – courses 85100 – 85240 – 85260 | R 150 |

*If you are carrying a course over two years and need to do the exam in the second year, then you will do a Component registration for that exam (see below) and the Exam Fee described here does not apply to you (it only applies to Full course registrations and Repeat course registrations – not Component registrations).*

**Component fees for 2016**

It is possible, under certain conditions, to complete the work of a course over two consecutive years. See the *Rules, Regulations & Policies* booklet for information about this.

Your Results Letter will indicate which components (assignments or exam) of the course are incomplete and need to be registered in the next academic year.

| Fee to Repeat ONE component on a course | R 530 |
| Fee to Repeat TWO components on a course | R 720 |

*These fees must be paid in full at registration, no instalment option.*

**Cancellations**

Students who cancel their courses in writing before the due date of the first assignment will be charged a cancellation fee of 40% of the total course fee. All administration fees are non-refundable.

Courses cancelled after the due date of the first assignment must be paid for in full, even if no work is done.

Courses with an exam (and where an exam fee was paid) will always have the exam fee refunded when the course is cancelled.

*See the “Registration Regulations” in the Rules, Regulations & Policies booklet.*

**Student Financial Aid**

TEE College does not hold funds for bursaries. Please contact your denominational authorities as some churches do provide bursary assistance to their students.

Some Financial Institutions will grant you a study loan (such as EduLoan). You need to apply in good time. Once you know which courses you intend to register for then request a Quote from the College to support your loan application (Get the quote from the College and then apply to the financial institution for the loan).
Remember that such a loan incurs fees. If you use a loan to pay your fees in full at registration (the lower Option A price), then it is possible that the discounted price together with your loan fees, can still be less than the full price of the course (the Option C price). Carefully work out the costs of each payment option and then follow the plan that saves you the most.

**Assessment Dates - 2016**

**E** - The final assessment for these courses is an Exam. The exam preparation themes are included in the assignment booklet and you will receive a confirmation letter confirming your exam venue in August.

**Emergency date** - Students who do not post their assignment on or before the Due Date may post the assignment up to SEVEN calendar days after the due date. Assignments posted during this period will be marked but will have 10 marks deducted from their final mark. Assignments posted after these 7 days will not be marked.

**No Extensions** - no extensions are given. However, do not give up if you do not submit work or have failed an assessment! If you successfully pass at least half the assessments in a course then you can (under certain conditions) carry the completed work to the next academic year or semester and then only register for the outstanding course components. This is explained in the *Rules, Regulations & Policies* booklet and will reflect on your Results Letter.

**Note** - Always keep a copy of your assignment together with your "proof of posting".

**Instructions for submitting assignments can be found in the final section of this year book.**

There are no second semester courses on the Diploma in Theology.
