Ink & Toner

Color Research™

The High Quality, Low-Cost Alternative to National Brand Ink and Toner

TIRED OF PAYING HIGH PRICES ON YOUR INK AND TONER SUPPLIES? Watching out for your customers “bottom line” is more and more important in today’s economy and at Infotel we do just that by offering our customers Color Research™ products for your ink and toner supplies! With Color Research, your customers can save 20-60% off the price of the OEMs — WITHOUT sacrificing quality!!!

Color Research is the leader in monochrome and color laser supplies. They are guaranteed to meet and exceed the OEMs in page yield and quality and are guaranteed with a 100% WORRY FREE SATISFACTION GUARANTEE, too. Color Research’s product support team provides world-class professional service through effective training and active listening at the Color Research support phone number — 1-877-925-3700.

Color Research offers solutions for replacement supplies for the top selling Brother, Canon, Dell, Epson, HP, Kodak, Konica Minolta, Kyocera, Lexmark, and Okidata LaserJet products as well as Pitney Bowes postage meter inks, drums, fusers, maintenance kits and MICR products for check printing! Please contact your INFOTEL SALES REPRESENTATIVE for more product offerings and information about COLOR RESEARCH!

THE ENVIRONMENTALLY FRIENDLY SOLUTION.
Discarded cartridges add unnecessary waste to our landfills — waste that will take as long as 1,000 years to decompose. It is estimated that 100 million laser printer cartridges and 400 million inkjet printer cartridges are produced each year. Remanufacturing these 500 million cartridges will save an estimated four million cubic feet of landfill space. The office products remanufacturing industry has already made a substantial positive impact on the environment and the economy, and will continue to do so.

SAVE UP TO 60%*
Compared to OEM toner cartridges

Here’s just one example of the savings you’ll get with the purchase of Color Research toner versus the OEM toner...

*Actual savings comparison will vary depending on model and availability.
