HMK is just one of many programs sponsored by the Montana Department of Public Health and Human Services (DPHHS).

Health Care Providers
HMK has many quality health care providers to serve you, from family doctors and dentists to physical therapists, mental health counselors, and most everything in between. Make sure when you are looking for medical care you check to see if a provider is an HMK-enrolled provider. HMK only pays for services from our team of health care providers.

Before seeing a medical, mental health provider, or dentist, ask them if they are enrolled as HMK providers.

You can also visit www.hmk.mt.gov where you’ll find links to find HMK-enrolled medical and mental health providers and HMK-enrolled dentists. Or, you can check to see if your current providers are already enrolled in HMK.

If you don’t have internet access, call Blue Cross Blue Shield of Montana (BCBSMT) at 1-855-258-3489. To find an HMK-enrolled dentist or eyeglasses provider, call HMK at 1-877-543-7669.

For medical or mental health benefit or claim questions call:

✔ BCBSMT at 1-855-258-3489.

Your HMK Benefit Card
BCBSMT will send you an HMK benefit card. Carry this card with you at all times and show it to your provider when you get care. This card is also used for buying prescription drugs, and for visits to the dentist and eye doctor. Call BCBSMT at 1-855-258-3489 if you do not get a card in the mail within 4 weeks or if you lose the card.

A Baby Born to an HMK Member:
When an HMK member has a baby, the baby is covered by HMK for 31 days. The family must apply for coverage as soon as possible after the baby is born.

In short, it’s best to keep in touch with HMK during your pregnancy so your new little one can be covered.

Your HMK Rights
You have the right to:

- Expect quality medical care.
- Be treated politely and with respect by health care providers and their staff.
- Understand your medical condition.
- Be told about the treatment your doctor advises before it happens.
- Refuse treatment.
- Be told of possible results before accepting or refusing treatment.
- Talk to your HMK provider and expect your records and conversations are kept confidential.
- Choose your own HMK provider.
- Make a complaint about HMK and receive an answer.
- Understand how HMK works.
- Know what medical services are covered by HMK.

Moving?
If you move within the state of Montana, please let us know by calling HMK at 1-877-543-7669. If you move within Montana and we are not able to reach you, your children may lose HMK. Children who move out of Montana are not eligible for HMK.

Coverage for Newborn Children

A Newborn in Families with Children Already Enrolled in HMK:
Let HMK know as soon as possible after the baby is born. The baby’s coverage will begin on the date the baby is born if the family tells HMK during the birth month or within 10 days following the baby’s birth.

Your HMK Responsibilities
You and your HMK health care provider are a team in protecting your health. Your job is to help your HMK health care provider give you the best health care. So, keep the following in mind:
Children enrolled in HMK cannot have private insurance for three months before enrollment in the program or since birth. Certain exceptions apply. If a child is enrolled in other health insurance coverage, notify HMK right away at 1-877-543-7669.

Use the emergency room only for life-threatening situations. Emergency rooms are not for routine care.

Call ahead for an appointment when you need to see an HMK provider. Providers often have busy schedules and cannot always see drop-in patients.

Be on time for your appointments. Call your HMK health care provider ahead of time if you are going to be late or can’t keep your appointment.

Fill all your prescriptions at the same pharmacy. The pharmacist can answer questions about your prescriptions.

Get complete directions about all medications, treatments, or tests. Write them down, or ask your provider to write them down.

Pay your HMK health care provider the copay when services are received.

Take time to decide about having a treatment before it happens. Be careful to review your treatment choices. Discuss your options with your HMK health care providers. For many procedures, your HMK provider will need time to get prior authorization.

HMK does not cover some services. Please refer to the HMK Services Chart in this guide for HMK-covered and non-covered services. You are responsible to pay for services that are experimental, investigational, or unproven; and services that are not covered. If you don’t see the service listed or you are not sure if a service is covered call BCBSMT at 1-855-258-3489.

HMK providers may not bill you for services that are denied as not medically necessary, unless you or your authorized representative have agreed, in writing, to pay for the service.

Don’t sign anything you don’t understand. Ask questions until you do understand.

HMK Nondiscrimination Policy

HMK does not discriminate on the basis of race, color, national origin, age, disability or sexual orientation in admission or access to, or treatment or employment in, its programs and activities. The BCBSMT Section 504 ADA Coordinator can be reached at 1-406-437-5285.
This section tells if a service is covered by Healthy Montana Kids. For details on these covered services, turn to the pages after the HMK Services Chart. There may be other services that HMK will pay for that are not listed. Ask your HMK provider if you’re not sure if something is covered or requires prior authorization. HMK customer service will also be able to help; call BCBSMT at 1-855-258-3489.

Most families will have copays. DPHHS will determine whether your family will pay a copay based on income and family size. The total copays for the benefit year will not exceed $215 per family.

The benefit year is October 1 through September 30. Once your family has paid $215 in copays, you do not have to pay copays until the start of the next benefit year. Don’t worry, we’ll send a letter to let you know when you reach the $215 maximum copay and you will get a new ID card to use until the next benefit period begins in October.

If your family pays more than $215 in copayments in a benefit year, BCBSMT will reimburse your HMK provider. You will receive an explanation of benefits from BCBSMT telling you about the credit your HMK provider received. Check with your HMK provider to see if he/she has a credit on your account.

Families with at least one member who is Native American or Alaska Native do not have copays.

**Lifetime Maximum Benefit**

There is no lifetime maximum benefit.

**Prior Authorization**

Some HMK services need to be OKed before HMK will pay for them. Refer to the HMK Services Chart to see if the services you need require prior authorization by your HMK provider. Call BCBSMT at 1-855-258-3489.

If you fail to get prior authorization for a service, you may be responsible to pay for that service.

**Copay**

Pull out your HMK ID card. On the front of the card in the bottom right corner it will tell you if you have a copay. If your card shows a copay, the charts on the next few pages will let you know how much your copay will be for each service if there is a copay. If your card says you have a $0 copay, ignore the copay column on the chart. All HMK-covered benefits are free to children with a $0 copay.
The description of HMK-covered and non-covered services presented here is a guide and not a contract to provide medical care. Administrative Rules of Montana, Title 37, Chapter 79 governs access and payment for HMK services. The rules can be found at www.mtrules.org.

This list includes examples of HMK services. Not all services are listed, and not all details about a service are shown. Ask your doctor or health care provider for more information. You can also call BCBSMT at 1-855-258-3489 for more information.

All covered treatments and services must be medically necessary. The child receiving services must be enrolled at the time the service is delivered.

**Abortion**

Abortion is only covered if:

- Necessary to save the mother’s life, or
- Pregnancy caused by an act of rape or incest

Abortion services are covered but must be prior authorized. Call BCBSMT at 1-855-258-3489.

**Alcohol and Other Drug Treatment (Substance Dependency)**

There are several different kinds of alcohol and drug treatment services.

- Non-hospital inpatient treatment – This service is 24 hours a day, 7 days a week, and patients live in the facility
- Intensive non-hospital outpatient treatment
- Hospital inpatient and outpatient treatment
- Partial hospitalization

The following outpatient services are covered:

- Individual, group or family counseling
- BCBSMT case management

**Ambulance Services**

Emergency ambulance services are covered for emergency ground or air transports. Call 911 or your local emergency number for services. An emergency means the symptoms of the medical condition seem so severe that a person with average knowledge of health and medicine would expect there might be danger to the health of the person if the symptoms aren’t treated right away. BCBSMT determines if the situation was an emergency.

Licensed ground and air ambulance services are covered to the nearest hospital equipped to provide necessary treatment when:

- The service is to treat a life-threatening illness or injury
- It is medically necessary - meaning other forms of getting to care would endanger the member’s health

Ambulance services must be medically necessary. If you are not sure you should go to the emergency room, call your HMK provider or the **Nurse First Advice Line at 1-800-330-7847**. The call is free. Registered nurses are available 24 hours a day, 7 days a week to help you decide.
Audiology Services (see Hearing Exams and Hearing Aids, pg. 20)

Birth Center Services
Birth center services are provided in a health care place or hospital but are more home-like. They also encourage family and friend participation in the birth.

Birth Control
Pills, shots and most other types of birth control, and family planning supplies are covered. Birth control must be prescribed for you by a provider.

Blood Lead Testing
Blood lead testing is covered and encouraged by HMK. The symptoms of lead poisoning can be difficult or impossible to recognize, making blood lead testing the only way to confirm exposure.

Case Management
In the event of a high cost medical problem, HMK may be able to recommend medically appropriate, cost effective treatments for you and your physician to consider. A case manager will evaluate your condition with your HMK provider. Case management services are covered but must be prior authorized. Call BCBSMT at 1-855-258-3489.

Examples of illnesses where case management is valuable are:
- Severe diabetes
- Cancer
- Chronic illness (such as asthma, pneumonia, and lung problems)
- Acute injuries (such as head injuries)
- Heart problems
- Multiple therapies (physical, speech or occupational therapies)
- Cystic fibrosis
- Mental health conditions
- High-risk pregnancy

Corrective Lenses (see Eyeglasses, pg. 19)
Dental Services

HMK Dental Plan
An HMK member may receive up to $1,900 in dental services per benefit year. The benefit year runs from July 1 through June 30. Each July 1st, HMK members become eligible for $1,900 of dental care, regardless of when they last received care.

You will have to pay for services that go over the $1,900 HMK Dental Plan limit. Any amount over the $1,900 limit is a private arrangement between you and your HMK dental provider.

There are no copays or out of pocket charges required for Dental Plan services as long as dental services do not go over the $1,900 annual limit. Make sure you know how much your services cost and if you have reached your limit.

HMK TIP!
Ask the dentist if your child’s treatment is covered by HMK.
Ask how much it will cost. You will have to pay for any amount over the $1,900 yearly limit.

Dental Services Requiring Prior Authorization
Dental implants are a covered benefit and require prior authorization. This member benefit is limited to a lifetime maximum of $1,500. This $1,500 lifetime maximum for dental implants is included in, not in addition to, the annual $1,900 maximum for the HMK Dental Plan. Contact the HMK Dental Program for more information at 1-877-543-7669.

What Dental Services Are Not Covered?
- Orthodontic services (braces)
- Maxillofacial surgeries and prosthetics, surgical procedures, and treatment of fractures.

NOTE
- Surgical repair of the mouth and gums due to an accident or congenital defect may be covered under the medical benefits of your HMK plan. Contact the HMK Dental Program for more information at 1-877-543-7669.
- Dental services needed for an accidental injury to healthy, natural teeth and gums are covered for 12 months from the date of the accident.
- Hospital and anesthesia charges for children age 6 and over require prior authorization.
Finding an HMK Dentist

A list of HMK dentists is available at www.hmk.mt.gov.

HMK cannot guarantee a dentist in your local community will be available to serve your child. The number of dentists is somewhat limited in Montana and some dentists may not accept new HMK patients.

If you have questions about HMK dental services you may contact HMK at:

- hmk@mt.gov, or
- 1-877-543-7669.

HMK pays for all medically necessary care you get from HMK providers. HMK covers emergency care and urgent care if you follow the rules below.

Emergency Care
If you need emergency care, go to the nearest doctor or hospital. You may need emergency care if your condition is severe, if you have severe pain, or if you need immediate medical attention to prevent any of the following:
Serious jeopardy to your health
Serious damage to your bodily functions
Serious damage to a bodily organ or part

You should notify your primary care provider as soon as possible that you are receiving emergency care. You should arrange follow-up care with your primary care provider.

Urgent Care
Some situations require prompt medical attention although they are not emergencies. In these situations, call your primary care provider and describe the situation. He or she will help direct your care. Examples include, but are not limited to:

- Sprains
- Non-severe bleeding
- Sore throats
- Ear aches

Unless you get prior authorization, you must receive urgent care from HMK providers. If you receive services from non-HMK providers, you may have to pay for the services.

When ordering eyeglasses from the eyeglasses provider, make sure the provider carries eyeglasses covered under the Walman contract. If you choose to purchase frames or lenses which are not covered under the contract, it is your responsibility to pay for the purchase.

HMK TIP!
What if my provider does not have Walman frames?

Ask your professional for a referral to a Walman frame provider or call the HMK office for help at: 1-877-543-7669.

HMK pays for one pair of glasses every 365 days. However, if your children have a medical condition that requires more frequent prescriptions, new lenses (but not new frames) may be covered more often.
All frames have a 24 month warranty to guard against defects. The warranty does not replace damaged frames other than manufacturer defects. You must return defective parts of the glasses for repair. Your HMK provider may charge you a small handling fee for returning glasses for repair.

HMK does not replace lost or stolen eyeglasses.

HMK does not pay for contact lenses.

If you have questions, contact the HMK Eyeglasses Manager at 1-877-543-7669.

Physician Services (see Doctor Visits, pg. 17)

Specialty Care
Specialty care is any health care your primary care doctor advises but cannot provide. Examples are X-rays, therapy, or tests to spot a health issue. It is best if all of your services are managed by your primary care doctor. If you need specialty care, your primary care provider will refer you to an HMK specialist. Referrals are not required for specialty care, including obstetrical and gynecological care, as long as you see an HMK participating provider. However, treatment received from a provider who is not in the HMK network will not be covered without prior authorization.

Pregnancy (see OB, pg. 23)

If specialty care is needed and an HMK participating provider is not available in your area, contact BCBSMT at 1-855-258-3489. We will give you information on how to obtain specialty care.

Members should visit an HMK dentist by their first birthday and at least once every six months after the first tooth comes in.

Every child's visit is covered. You can request that your child get a well child check-up during any visit for an illness or injury.

More About Immunizations (Shots):

It's important for a child to visit an HMK provider, community health center, or public health department to get the right immunizations (shots). Getting shots not only protects the child, but also the people the child comes in contact with. A child's HMK provider will know which shots the child should get. Shots protect against a number of diseases including:

- Hepatitis A and B
- Diptheria
- Tetanus
- Pertussis (whooping cough)
- Polio
- Pneumococcal disease
- MMR (measles-mumps-rubella)
- Varicella (chicken pox)
- Influenza (flu)
- Hib (Haemophilus Influenzae Type B)
- HPV (Human Papillomavirus)
If a child misses a shot, he or she should get the shot from an HMK provider as soon as possible. Keep a shot record filled out by the health care provider. You will need this record when a child starts day care, school and college.

See your provider for recommended well-child, well-baby, and immunization services. Also, you can view the American Academy of Pediatrics (AAP) recommendations at the following:

**Do You Disagree with a Service Decision?**
If you disagree with a decision made about a service there are a few things you can do. Make sure to read this guide to see if the service is covered by HMK. If you are not sure, you can talk with the contacts listed under the Important HMK Contacts section of this manual. (pg. 28) If you still do not agree, you can appeal.

**First Level Appeal**
If you do not agree with a denial, or partial denial of a claim, you have **180 days** from when you received the denial to appeal. To request an appeal, the request:

- must be in writing, and
- must detail your objections, and
- and must include any documents and information which you wish the Department to consider in the appeal review.
Appeal requests will be sent to different locations based on the service. Each of these department representatives will let you know when they got your request for appeal. You will receive a written response within 45 days. If you do not agree with the decision you can make a second appeal. See the process for a second appeal later in this section.
