Containers are to be placed at curbside before 7:00 am on collection day when at least half full.

Container lids must be completely closed for pickup.

Do not overfill or compress items. Cut down large cardboard pieces.

Containers must be kept clean.

Secure all containers on private property on non-collection days.

During Bear Aware season, Apr. 1 - Nov. 30, do not set containers out before 4:00 am.

Please set out your containers in a location that provides safe access for collectors. Debris, weeds & overhanging trees limit our ability to provide service. In winter, place containers in an area free of ice and snow so that collection is possible.

What day is garbage & recycling day?
Calendar dates are colour coded to show which zone is scheduled for garbage and recycling pickup that day. Collection days advance one day after each statutory holiday.

Help us serve you better

2015 SOLID WASTE COLLECTION SCHEDULE

WHAT DAY IS GARBAGE & RECYCLING DAY?
Calendar dates are colour coded to show which zone is scheduled for garbage and recycling pickup that day. Collection days advance one day after each statutory holiday.

Moving?
Containers are registered with the property address, so please do not take containers with you when you move. Container change requests are to be made by registered homeowners only.
