Mona: ............................................................................................... ?
Omar: I'm going with my family.

C - Reading Comprehension

V - Read the following passage and answer the questions below:

The Taj Mahal

One of India's most famous buildings is the Taj Mahal. It stands near the river Yamuna in Agra, India. The Shah built the Taj Mahal for his beautiful wife, Mumtaz Mahal. The Shah loved his wife very much. When she died he wanted to build something beautiful to remember her by. The Taj Mahal took twenty-two years to build. They finished it in 1656. The Taj Mahal is made of white marble. Inside, there is a large room with eight sides. In the centre of this room is the tomb of Mumtaz Mahal. On the walls there is calligraphy (writing) and beautiful flower designs. The Taj Mahal is a building full of wonder and beauty. It's not just a work of art, but also a symbol of true love!

Comprehension
Reading Comprehension

A famous writer lived with his wife, his two sons and a daughter. He often forgot about his food when he was busy. His wife used to put some food in a place where he was sure to see it. One night, after working very hard, he felt hungry. He saw eggs in a part and decided to cook one of them. He took the eggs in one hand, his watch in the other and went to the kitchen to cook the egg. Always thinking of his work and not of his food, he put his watch in the pan thinking it was the egg.

A - Answer the following questions:
1 - Where did the writer go to cook the food?
_______________________________________________________________________________________________
_______________________________________________________________________________________________

2 - Why did he put his watch in the pan?
_______________________________________________________________________________________________

6 - The writer often forgot about .................................

7 - He used the pan to ..............................................

8 - His wife used to put some food in ..............................
Reading Comprehension

Read the following passage and answer the questions below:

There was once a foolish old man who had a bag full of gold. He dug a hole in the ground and put the bag of gold into it. Then he covered the hole with a big stone. He used to visit the hiding place nearly every day. He would take away the stone and put his fingers into the hole to touch the gold. Then he would feel very happy. One day he took the stone away and put his fingers into the hole, but he didn't find his gold. His treasure was stolen. The old man felt very angry and sad. His wife said to him "There is no reason for you to be sad. Your gold was useless to us. You still have the hole. You can visit it whenever you like. All you have to do is to imagine that your treasure is still there."

A - Answer the following questions:

1 - Where did the old man hide the bag of gold?
_______________________________________________________________________________________________
_______________________________________________________________________________________________

2 - How often did he visit the hiding place?

Reading Comprehension

Read the following passage and answer the questions below:

Hany was walking beside the Nile one day. It was early in the morning. Most of the people were still asleep. Suddenly he heard a cry for help. He turned round but he could not see any body. Again he heard someone in the river. He ran toward the water. He saw a small boy holding to a piece of wood and floating on the water but he couldn’t swim. Hany jumped into the water, swam very hard and saved the boy. The boy thanked Hany for saving him, but he could not tell how or why he was there, floating on the water of the river. He was too young. Hany carried the boy to the police station to return him to his parents.

A - Answer the following questions:

1 - Why did the small boy cry for help?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

2 - What helped the boy to float on water?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

3 - In your opinion. How did the young boy get into the water?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

B - Choose the correct answers:

4 - Hany jumped into the water ..................................
   a - to catch fish    b - to save the boy    c - to talk the boy

5 - The policeman will try to ..........................
   a - Save the boy from drowning.
   b - find the boy’s parents.
   c - float on the water of the river.

6 - The boy cried for help.
   a - once    b - twice   c - three time.
Reading Comprehension

Read the following passage and answer the questions below:

The Statue of Liberty took nine years to build in Paris. The name of the man who designed it was Frederic Auguste Bartholdi, but Alexander Gustave Eiffel also helped to build it. The people of France gave the statue of liberty to the Americans as a gift in 1886. It stands on Liberty Island, New York welcomes millions of people to the city every year. The statue is of a woman wearing a crown and holding the torch of freedom (liberty) in one hand. It is about 92 metres high. There are twenty-five windows in the crown and visitors can climb up to the top. The outer part of the torch is made of gold. The people of America are very proud of their statue. Every year, thousands of visitors go to New York to take a closer look at this wonderful work of art.

A - Answer the following questions:
1 - How long did it take to build the statue of Liberty?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

2 - How high is the statue?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

3 - Describe the Statue.

_______________________________________________________________________________________________
_______________________________________________________________________________________________

B - Choose the correct answers:
4 - There are (thirty five - twenty two - twenty five) windows in the crown.
5 - Frederic (built - designed - invented) the statue.
6 - The outer part of the torch is made of (iron - silver - gold).
Reading Comprehension

In a faraway green island near the Atlantic ocean, there was an old man who lived alone in his little bamboo hut. The old man used to sail in his small boat to catch fish but he was always unlucky. One day a young boy aged eleven asked him to go fishing to get her, so the old man agreed at once. They sailed in the little boat. The sea was calm but dark blue and the sea birds were flying over their heads. The old man said, oh you my old blue friend, I grew old but I was a good fisherman when I was young. I think you’re kind enough to let a fish visit my net. Suddenly the boat moved ups and downs. They pulled the net and there was a big fish trapped in.

A - Answer the following questions:

1 - Why did the boat move ups and downs?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

2 - How was the sea on that day?

_______________________________________________________________________________________________
_______________________________________________________________________________________________

B - Choose the correct answers:

3 - The old man was (a lucky fisherman – an unlucky fisherman – a bad fisherman) when he was young.

4 - The old man lived in (a hut – a house – an igloo).

5 - The young boy wanted to (take the boat – buy the boat – sail in the boat)
A long time ago, men hunted for their food they often killed wild animals, Birds or fish. They used rocks and sticks to kill them. later on, people began fighting each other. Everyone wanted more food and more land. Somebody invented the gun. soldiers were taught how to shoot and kill enemy soldiers. Many people were killed in wars. One day an officer became sad and he cried. His soldiers were fighting well and many men were killed. He turned to his men and said "My soldiers, I'm going to ask you a question. The one who gives the best answer will receive a medal." What is the strongest power in the world? one soldier said, "I think my gun is the strongest power. It can kill a person or an animal from a great distance." Another soldier said "A soldier is the stronger because he used the gun. A third soldier said, "I think the greatest power is love. If men had more love for each other they wouldn't use their guns. The officer was very happy to hear that opinion.

A - Answer the following questions:
1. What does the underlined word them refer to?
_______________________________________________________________________________________________
_______________________________________________________________________________________________

5. Ahmed has (one brother - one sister - no brother or sister).
Reading Comprehension

Read the following passage and answer the questions below:

If you travel by air across the centre of Africa or south America, you fly over forests of thousands of kilometers. These great forests are like oceans of trees. They're full of different kinds of plants and animals. Nowadays the forests are getting smaller. We are cutting down the trees because we need more farm land. Some people say that there will not be any forests like these in 20 or 30 years. If we cut down our forests, a lot of plants and animals will disappear from the world. New farm land will soon be deserts. Crops will not grow there and weather will get very hot.

A - Answer the following questions:

1 - Were are the greatest forests found?

_______________________________________________________________________________________________

_______________________________________________________________________________________________

2 - What will happen if these great forests disappear?

_______________________________________________________________________________________________

_______________________________________________________________________________________________

B - Choose the correct answers:

3 - The great forests will disappear within ( a hundred year - thirsty years - a century ).

4 - People cut trees to provide us with ( wood - animals - forests ).

5 - If we cut down forests a lot of ( plants and animals - fish - people ) will disappear from the world.
Reading Comprehension
Read the following passage and answer the questions below:

The sky was clear, the moon was bright when captain France, the captain of a very fast ship was singing happily some passengers were having soft drinks and some were asleep in their cabins. A young man came and asked the captain. "When will we arrive in India?" The captain said they would arrive in India within 2 hours.
