Career Clusters.
The Career Pathways Initiative offers all students opportunities to connect their classroom learning to possible careers, preparing them to make more informed decisions regarding secondary academic and elective course enrollment, postsecondary plans and, eventually, careers. The Career Pathways Initiative integrates rigorous academic courses and career-related electives with experiential learning and comprehensive school counseling. Student Success Plans, based upon the state’s 34 career pathways augmented by Individual Planning Portfolios (Appendix A of A Guide to
Comprehensive School Counseling Program Development, organize each student’s secondary and post-secondary education in a flexible, evolving format.
