I consider it an honor to have served as the first board chairman of the United Way Blackhawk Region. For me personally, volunteering for the United Way it is a great opportunity to live one of my core values – “Giving Back.”

The United Way Blackhawk Region, which serves all of Rock County and northern Winnebago County, makes a huge impact in our community.

- We strengthen families
- We help individuals achieve self-sufficiency
- We make it possible for children to reach their potential

Our focus is on Education, Income, and Health because they are the building blocks for a good quality of life. Our ultimate goal is to tackle community concerns before they become a problem.

Why should one support United Way Blackhawk Region?
- To support the community you live, and work in
- To support the building blocks of a good quality of life
- And, it will take all of us, working together to reach our goals

I would like to acknowledge the board of directors and the United Way Blackhawk Region staff for all of their support during my tenure.

I invite you to “Join the Dance.”

**LIVE UNITED Award:**

**Data Dimensions, Inc.**

The LIVE UNITED Award is presented to a United Way Blackhawk Region corporate partner for its exceptional employee and community engagement, volunteering and measurable impact in the community. Data Dimensions has enhanced their annual United Way Campaign with year round fun events, community partner communications, raffles, United Way donor incentives and company investment matches. Some of the most notable fun United Way events at Data Dimensions are:

- Employee breakfast with the Data sales team as guest chefs
- On-line silent auction
- On-line meat raffle
- “Soup Kitchen”
- Penny Wars
- Annual KickBall Tournament. The 2013 tournament featured 10 teams, with JP Cullen & Sons winning the championship trophy. The tournament raised over $1,700 for United Way Blackhawk Region.

The United Way message is shared with Data Dimension team members through “Community Partner Communications” posted on lunchroom TVs, flyers placed in breakrooms, on the company intranet and through company emails. These messages have often included popular quizzes regarding services offered by United Way program partners.

**Engineer recognized for United Way volunteerism**

David Swartzentruber, engineering manager at Durst Mastergear, has volunteered with the United Way for over 12 years.

Swartzentruber has continued to serve the committee since 2002 and for the past eight years has served as chairman of Community Impact, guiding the responsible stewardship of donor investment in the United Way.

Swartzentruber, honored formerly as a Voluntary Action Center, “Volunteer of the Month” is also active at his local church, including serving as a Sunday school teacher. He also has volunteered as a coach for youth soccer.

Swartzentruber and his wife Christy live in South Beloit and the couple has three children; Gabrielle, 13, Morgan, 11 and Gavin, 9.
“I think that most people, when given the opportunity, really want to help other people. This day enables people to help other people.”

Through Community Impact, your investment in the United Way Blackhawk Region helps create lasting change.

Through the expertise, energy and relationships of its Community Impact Council the United Way vows to direct resources to efforts that target the underlying causes of issues that affect our community – and that deliver measurable, long-term results.

United Way’s program partners are doing great work every day, and there will always be a need for basic needs and prevention and development programs. But Community Impact takes that work one step further. Working together with a broad range of community partners – partner agencies, schools, faith-based groups, businesses, energized individuals and local governments – together we can achieve results no one can accomplish alone.

**COMMUNITY IMPACT IS ...**

- Improving the lives of all people affected by the community’s issues – not just clients of programs funded by United Way.
- Pinpointing the root causes of problems that threaten our community – developing strategies and partnerships to change them.
- Working in a multi-faceted role with whatever partners can play a role in changing community conditions.
- Going beyond the annual campaign to create long-term, ongoing relationships with diverse community investors.
