Universiti Tunku Abdul Rahman is committed to ensure a safe and healthy environment for all our staff and students and recognizes its obligations under the Occupational Safety and Health Act 1994.

In its mission to extend knowledge, the University is also committed to stimulate learning and achieve the highest standards of occupational safety and health in accordance with best practices.
UTAR SAFETY & HEALTH POLICY:

1. To establish and maintain a safe environment for staff and students
2. To identify and eliminate hazards in order to prevent accidents.
3. To promote safety consciousness and responsibility
4. To involve administrative and academic staff in safety planning and implementation.

The University expects staff and students to comply with its occupational safety and health policies, procedures and guidelines, and to conduct themselves in a safe manner, not placing themselves or others at risk. Management staff are responsible for the safety and health of staff and students working under their direction.
The University is also responsible for providing a safe and healthy environment for its visitors and members of the public who come into University premises or are affected by the University’s activities. Contractors working in University premises are also required to conduct their activities in a manner that ensures the safety, health and welfare of others.

As a teaching and research institution, with responsibilities to the wider community, the University is committed to providing its staff and students with appropriate occupational safety and health, education and exposure, practical work and role models.

Ir. Professor Dato' Dr Chuah Hean Teik
President
